ACTION LINE is your service, solving your problems, getting your answers, cutting red tape and standing up for your rights. To get them, write ACTION LINE, Box 230, Long Beach, Calif. 90801, or dial 432-3451 between 9 a.m. and 1 p.m., or 5 p.m. and 9 p.m., Monday through Friday. Questions to be answered are selected for their general interest and helpfulness.

Lost License

Q. My husband is ill and unable to work. In order to get a pension due him, we need a copy of our marriage certificate. I wrote to Eureka Springs, Ark., where we were married in 1950, but officials there say there is no record of our marriage. I am sure they must be mistaken. Could ACTION LINE help? C.L.S., Bellflower.

A. Yes. Daniel Patterson, county clerk for Berryville County, told ACTION LINE he will call the records office in Eureka Springs and personally order a search through the records for your marriage certificate. Since we could not supply him with a book and page number, each page will have to be gone over and it may take a few days. When the record is found, a copy of it will be mailed to you.

Animated Music

Q. Is it possible to rent the film, "Fantasia"? None of my family has had the privilege of seeing it. If it cannot be rented, will it be re-released soon? R.J., Long Beach.

A. ACTION LINE took your request to Jan Hedge of the Walt Disney Productions publicity department. She explained that the 1940 film, which added visual animation to half a dozen widely-known classical music compositions, is on 35mm film and is not available for home rental. She also checked the schedule for films being re-released this year and next, but couldn't find "Fantasia" among them. However, Disney does release classics about every seven years.

The film is divided into sections and begins with the "Nutcracker Suite." Other musical works in it are Beethoven's "Sixth Symphony," the "Rite of Spring," "The Sorcerer's Apprentice," "Night on Bald Mountain" and Bach's "Toccata and Fugue." In some sequences only vivid colors, shapes and rhythmic forms were used as animation. In others, such as "The Sorcerer's Apprentice," Disney characters appear. The production of "Fantasia" in 1940 cost $2.2 million, and when first released the film did not bring in a profit. However, in later years it has proved to be a bonanza for Disney.

Love Bug

Q. Would ACTION LINE please settle a long-standing and vehement argument between a VW lover and the unenlightened? Several of my friends contend that VWs are not as safe and more of a menace on the freeways than larger cars. It is my contention that proportionately fewer VWs are involved in freeway accidents. Any unbiased help you can give would be appreciated. E.A.H., Long Beach.

A. Bug fanciers, take heart! According to a study conducted by the California Highway Patrol in 1963-64 comparing the accident potential of small cars to that of large cars, foreign economy cars did show a lower rate of accident involvement, says Ted Bradley, CHP public information officer. In accidents involving both large and small cars it was usually the larger car that was at fault. Drivers of foreign economy cars, however, are notorious speeders and are involved in more single-vehicle accidents due to loss of control, Bradley says. For more detailed statistics on the subject you may request the California Highway Patrol report "Accident Characteristics of Four Types of Automobiles," by writing to Marge Lawson, Office Services Section, California Highway Patrol, P.O. Box 898, Sacramento, Calif. 95804.

Pin Down Pin

Q. How can I get another National Honor Society pin? I lost mine several years ago. Mrs. J. M., Lakewood.

A. Regular 14-karat gold pins can be ordered through the National Honor Society, 1201 16th St., N.W., Washington, D.C., says a spokesman for the Long Beach School District. However, your order will not be filled unless you have a statement from the principal or adviser at the school you attended that you were a member of the scholastic honorary group.

New Style

Q. Where can I get more information on men's hair styling? I would like to obtain some books and magazines on the subject. G.B., Long Beach.

A. You should be able to stay in style after reading Joe Carlow's "Hair Styling and Blow Waving," or Sherman Trusty's "Advanced Mens' Hair Styling." Both books are available from Arnold Barber and Beauty Supply, 745 Pine Ave., Long Beach. Names of magazines of hair styling for men will be supplied to you by Jim Tinsley, a hair stylist for Bob's Head Hunters, 4602 Los Coyotes Diagonal, Long Beach. Call him at 597-9084. Tinsley explains that hair styling differs from a conventional cut in that the hair is shaped to fit a person's facial features and personality. To keep his hair style, a man uses a protein gel and a hairspray without lacquer or perfume. Cost for a hair styling which includes a shampoo, cutting and styling with jet wave (hot air) guns, is $6.50. "Hair styling developed in Europe and in the entertainment field, but it has now become popular in the United States at the local barbershop level. Men are finding that, just like a suit, a hair style must fit the man," Tinsley adds.

Obit in Plastic

Q. My mother died in August. A few days later I received a letter from the Permanent Record Co. of Memphis, Tenn., saying they would make up memorial obituaries encased in plastic if I sent the necessary information. I sent the information and payment in advance, but have still not received my order. They said it would be ready in four to six weeks. Could ACTION LINE find out what has happened? M. W. S., Anaheim.

A. According to Charlene Parrish, secretary for the company, your order was mailed Jan. 31 and you should have received it by now. She said they will assume the order was lost in the mails and will make up a new one for you, which you should receive in a week. If, in the meantime, your first order should arrive, you may keep both at no extra cost.

POLLUTANTS GETTING WORSE--IRRITATING, ISN'T IT?

We're Losing War on Smog, Expert Says

By BOB DAVIS

It's getting worse, folks.

That's the word from Louis J. Fuller, Los Angeles County's smog control chief, who declared, "As far as Los Angeles is concerned, I don't think we are winning the battle against smog."

Fuller said Friday that smog reached an all-time low 18 months ago, but has been increasing since and now compares to that in 1959. "The emission of air pollutants that were at one time diminishing yearly has reached the point beyond stabilization and is beginning to increase," he said.

"With all of the information now at my disposal it is my opinion that the Los Angeles basin will not have the quality air it enjoyed prior to 1940 until about 1983."

He did not elaborate n the basis for this opinion.

Fuller did blame the automobile for creating about 85 per cent of the smog problem with the balance coming from industrial-commercial operations. He said industries produce about 1,300 tons a day and automobiles around 12,200 tons daily. There has been a drastic increase in the oxides of nitrogen, but a stabilization of hydrocarbons, he noted.

"The ultimate consequences are to be determined by the medical profession," he pointed out.

Fuller said he thought that Eric Grant, the acting exectutive officer of the new State Air Resources Board," should be replaced." The board is responsible for the state's air pollution control program.

Fuller was particularly critical of Grant for assertedly attempting to "sneak in" a bill before the board to continue the average standard on auto emissions.

"He had a lot of brass to do that in face of the fact that the entire Legislature, the governor and lieutenant governor all favor a maximum control standard," Fuller charged.

The county smog chief said he would like to see John Mata, director of the State Department of Public Health's Board of Air Sanitation, take over Grant's post.

Meanwhile, the Assembly Transportation and Commerce Committee invited motorists and Los Angeles County citizens to testify on pending smog legislation at a special hearing today in Los Angeles. Chairman John F. Foran, D-San Francisco, said any citizen who wanted to testify on the proposed "Pure Air Act of 1968" and other legislation would be given five minutes to do do.

Massive Barrage by Cong

Marine Base, Saigon Airport Under Heavy Fire

BULLETIN

SAIGON, Saturday (UPI) — South Vietnamese troops, attacking under the cover of U.S. artillery barrages, stormed into the imperial city at Hue today and ripped down the Viet Cong flag that had flown there for 25 days. The end appeared near for a diehard band of about 150 Communist soldiers who stubbonly fought U.S. Marines and South Vietnamese troops for each yard of Hue's ancient fortress, the Citadel.

SAIGON, Saturday (UPI) — Communist troops slammed mortars and rockets into Saigon's Tan Son Nhut Airport this morning and followed up a massive artillery bombardment at Khe Sanh with a ground attack.

North Vietnamese forces hammered the U.S. Marine base at Khe Sanh with 1,307 rounds of high explosive shells beginning Friday and lasting through the night.

* * * *

A FORCE of 500 Communists followed the artillery barrages with a frontal attack against a South Vietnamese ranger battalion guarding Khe Sanh's perimeter. U.S. officials said the attack was the heaviest to date against the Marine post guarding the western end of the DMZ.

U.S. officials said at least 14 persons were killed and 21 others wounded in the attack.

It was the second large attack on the huge base and airfield in six days. Communist forces sent more than 100 of the powerful 122mm rockets into the base starting last Sunday morning.

U.S. officials had no immediate assessment of damage to Tan Son Nhut from this morning's attack. They said, however, that the headquarters of U.S. commander in Vietnam, Gen. William C. Westmoreland, was not hit.

AT HUE, U.S. Marines and South Vietnamese troops fought the dying remnants of Communist troops desperately holding to the imperial city inside the Citadel.

The battle for Hue, the most vicious of the Vietnam war, entered its 25th day. U.S. Marines occupied the southeast corner of the Citadel and were preparing for a final push to wipe out the last Communist troops inside the imperial city, a walled compound on the south side of the Citadel where Vietnam's kings and queens once lived.

U.S. officials estimated about 150 Communists were holding onto positions inside.

EVERYBODY INTO THE POOL—TIDEPOOL, THAT IS

You should never send a man out to do a boy's job, the city editor learned Friday. Poor Dick Emery, assigned to grab some weather pictures, sent in notes with the film above which indicated that Cabrillo Beach had an air temperature of 72 degrees, water temperature of 60 degrees Friday. Also, Emery found, there was a gentle breeze. He postscripted that the girls—Denice Lucy, Ann Scala and Patti Jackson—are all San Pedro High seniors on Ditch Day.

Reports All False Says LBJ Aide

By FRANK SWOBODA

AUSTIN, Tex. (UPI) — The White House said Friday President Johnson has no formal plan at the moment for further reserve call-ups as part of any new U.S. troop buildup in Vietnam.

Questioned sharply on reports that the President had received a formal request from the Joint Chiefs of Staff for an additional 50,000 reservists, White House Press Secretary George Christian said.

"There has been no submission to the President of any mobilization plan at this point. Certainly no decision has been reached."

WASHINGTON (AP) — The Defense Department Friday boosted draft calls close to the Vietnam war record. And it ordered inductions into the Marine Corps for the first time in two years. The Pentagon put out a call for the drafting of 48,000 men in April, the highest total in the past 18 months.

* * * *

THERE was a growing number of published reports Friday that the Joint Chiefs had submitted a formal request to Johnson for 50,000 reservists now and the placement of another 130,000 men on standby duty for possible further call-ups for Vietnam.

Christian said the President's position on the matter was made very clear when he said last weekend that the Vietnam toop ceiling of 525,500 men would be raised if needed. At the time, Johnson said that the matter of troop deployments and requirements were under constant review.

"All sorts of troop requirements and deployments have been discussed by the White House," Christian said. But, he warned, "If you interpret

2 Arrested in Slaying of Mormon

SANTA BARBARA (UPI) — Karl N. Haws, 57, a prominent civic official and leader of the Church of Latter-day Saints, was found slain Friday in the driveway of his suburban Montecito area home.

Capt. Clarence George, chief of the detective division, called the death a "burglar-homicide."

Later in the day, police fired tear gas into a house in the Mesa section of Santa Barbara and flushed out two teen-agers as suspects in the slaying.

Break Mom-Sons 'Obscenity' Ring

By JIM HYNES

Sheriff's vice officers cracked a $35,000-a-week pornography sales ring Friday with the arrest of a 63-year-old woman and her two sons in Paramount.

Deputies seized thousands of dollars worth of 16 millimeter film in the sudden raid on the Action Photography Company, at 7342 Madison St.

Booked on suspicion of conspiracy to distribute lewd material are Hassie Bartoch, 63, and her sons Harold A. Ramey, 44, and Wilbur J. Ramey, 47, all of 4262 Obispo Ave., Lakewood; and Earl J. Robinson, 43, of Altadena.

The elder Ramey brother was later released after posting a $12,500 bond, deputies said.

In addition to the film, some of which was undeveloped, deputies seized a 50-gallon drum of shredded film and still pictures.

The raid climaxed more than a month of undercover work by members of the vice detail who indicated the operation was all hand-to-hand deliveries.

"These people are shrewd," one deputy said. "They avoid a federal rap by not using the mails to deliver."

Youth Shot to Death in Compton

A 17-year-old Compton boy was shot to death Friday, apparently accidentally, by a friend home on leave from Fort Lewis, Wash., according to police.

Rodney Conrad Orr, of 504 S. Coral Ave., was dead on arrival at Las Campanas Hospital, Compton, about 4:30 p.m. Police said he had been shot in the side with a .38 caliber revolver.

Pfc. Carlton Leftridge, 21, told detectives he was showing the revolver to Orr in his parents' home at 1721 N. Grandee St. when the gun accidentally discharged.

Police said they were holding the soldier for investigation.

CASH, GEMS TAKEN BY CAT BURGLAR

PALM SPRINGS (UPI) — A vacationing couple from New York, Mr. and Mrs. Albert Alsberg, Friday reported to police that an apparent cat burglar stole $16,600 in cash and jewels from their room during the night.

The couple said they rose late in their room and found Alsberg's wallet containing $600 cash and his wife's purse missing from a night stand.

The Pueblo Dilemma

Combined News Services

SEOUL — South Korean intelligence authorities estimate that North Korea will hold the crew of the captured U.S. ship Pueblo for another two months and possibly longer in order to extract as much information as possible before releasing them. The estimate is based on expert knowledge of interrogation techniques and on political developments in Pyongyang since the ship was seized by North Korean patrol craft on Jan. 23.

"It would be unrealistic to expect the North Koreans to release the Pueblo crew before they were satisfied that no more information was to be obtained," said an officer in the South Korean intelligence service. From their own experience with Communist prisoners and defectors from the north, the South Koreans calculate that it takes up to six months of continual interrogation to exhaust the possibilities of getting more information from an individual. Having such a large number of captives — including naval officers, scientists and technicians with highly specialized qualifications — adds time-consuming dimensions to the task of the interrogators, the officer explained.

INTERNATIONAL

A RED PLEDGE

TOYKO, Saturday — Gen. Ve Nguyen Giap, North Vietnamese mastermind of the Communist offensive in South Vietnam, was quoted today as saying the battle there is entering "a fierce phase" in which there will be continual attacks. Speaking at a Soviet Army Day reception in Hanoi Friday night, Giap pledged "every sacrifice" until "final victory." Hanoi's Vietnam News Agency distributed his remarks.

'The Gap is Very Narrow'

LONDON — Prime Minister Harold Wilson believes the "narrow gap" between Washington and Hanoi is unbridgeable at the moment, British sources said Friday. They said Wilson has abandoned any plans he might have had for a new peace offensive for Vietnam, because the North Vietnamese have shown they are not prepared to sit and talk. During the recent visit here by United Nations Secretary General Thant, Wilson told parliament "the gap is very narrow" between the U.S. and North Vietnam. He still believes there can be no military victory in Vietnam and the war must be ended diplomatically, the sources said. British officials were unimpressed by a North Vietnamese peace proposal printed Friday in the Liberal daily newspaper the Guardian.

Ousted Red Admits Mistakes

PRAGUE — President Antonin Novotny of Czechoslovakia, ousted in January from leadership of the Czech Communist Party, admitted Friday he had made "mistakes" in managing the country. Novotny's self-criticism came during his speech at a rally marking the 20th anniversary celebrations of the Communist takeover in Czechoslovakia.

Brezhner Blasts the U.S.

MOSCOW — Communist party chief Leonid I. Brezhnev heaped praise Friday on Soviet armed forces as defenders of peace and called the U.S. "the main force of war." Brezhnev, the Soviet Communist Party's general secretary, told a Kremlin audience of 6,000 that the U.S. "is waging the dirty war in Vietnam."

NATIONAL

WASHINGTON—Faced with dwindling copper supplies because of a 224 day strike, the government Friday ordered that refined copper supplies be cut from civilian industry to meet defense needs. The Commerce Department directed U.S. copper producers to "accept all government defense orders for refined copper and to withhold delivery of all nondefense orders." At the same time, two of the nation's largest cable fabricating companies employing 12,000 workers in 45 plants announced they will start shutting down much of their operation Monday because of the shortage of copper.

Strike Hits Ford Profits

DETROIT — Ford Motor Co., beset by a two months strike last year, announced Friday its 1967 net profits were $84.1 million, or 77 cents a share, compared with $621 million, or $5.63 a share in 1966. Ford reported a loss of $109.1 million for the fourth 1967 quarter, compared with a profit of $128.1 million for the same October-December span of 1966. Sales were $2.4 billion and $3.3 billion, respectively, for two quarters.

U.S. To Pay Blast Damage

WASHINGTON — The U.S. will promptly pay the Soviet Union for damages to the Russian embassy sustained in a bomb explosion early Wednesday, State Department officials said Friday. Spokesman Carl E. Bartch said Walter J. Stoessel Jr., deputy assistant secretary of State, had assured Yuri N. Tchirnyakov that the United States followed a general policy of reimbursement.

GM 'Calls' 3,241 Vehicles

DETROIT — General Motors Corp. called back 3,241 GMC and Chevrolet trucks Friday because of possible defects in steering shaft couplings. GM notified owners of the trucks that the vehicles would be inspected, corrected and parts replaced where necessary at no cost to the owners. GM said 2,910 GMC and Chevrolet medium and heavy-duty trucks built in 1966 and 1967 might require retorquing of clamp bolts on steering shaft couplings.

Snake-in-the-Box Gift

SAN FRANCISCO — "Live snake," read the red lettering on a box from Vietnam at Rincon Annex post office. Postal officials took no chances and summoned Herpetologist Karl Switak from Steinhart Aquarium in Golden Gate Park. Switak opened the box and untied the knots on a bag inside. In the bag were socks, GI shorts and a five-foot python, alive. The snake, shipped airmail from Long Binh, Vietnam, was taken to the aquarium. Meanwhile, Postoffice workers are contacting the addressee in Washington, D.C. to see if he will accept his package.

A SWINGIN' DEAN

NEW HAVEN — The girls of Yale law school have the dean on their side in their bid to move into the all-male dormitories. Only the official approval of the university is needed to integrate the law school's living quarters. "The law school has an obligation to regard graduate students as adults," said Dean Louis Pollak in an interview published Thursday by the Yale Advocate, a student newspaper. "I can see nothing wrong with this plan if it is intelligently handled."

PEOPLE IN THE NEWS

Morton 'Track Sore', Retires

Combined News Services

Weary and dejected, Republican Sen. **Thruston B. Morton** of Kentucky announced Friday he will not return to the Senate next year. "I've had it," he told a congressional lieutenant at a news conference in Louisville, Ky., the 60-year-old Morton announsed that, "for very compelling personal reasons," he will not run for a third Senate term. "To use an old Kentucky expression, I suppose I am just plain track sore," Morton said. His decision to stand aside wrote a quiet — and startling — end to the political journey of a Republican battler. Morton was a politician of direct action and plain talk. "It is not the coming election that concerns me but the challenge and responsibility of a six-year term," the senator said.

THRUSTON MORTON

ITURBI WINS

Pianist **Jose Iturbi** Friday won an award totaling almost $55,000 in his suit against an art dealer to whom he claimed he gave money. Supreme Court Justice **Irving Saypol** granted Iturbi, who lives in Beverly Hills, $44,706, which included $34,700 the pianist gave the art dealer to buy paintings and a $10,000 loan he made.

ROBERT L. PIERCE

Robert L. Pierce, longtine Wisconsin Republican leader who played a key role in the management of the party's national conventions, died unexpectedly Friday in his Washington hotel room. The cause was undetermined. Pierce, 66, was a former Wisconsin GOP chairman and had served as the state's representative on the national committee since 1953.

WAYNE TO WED

Singer-Actor **Wayne Newton** has given an engagement ring to a Honolulu girl. Newton, appearing at Harrah's in Reno, Nev., gave the ring to Elaine Okamura, a stewardess with Pan American World Airways. Miss Okamura could not be reached for comment as she was on a flight and was not expected back for a week.

MAYOR LINDSAY

Eugene, Ore., newsmen presented Mayor **John Lindsay** of New York with a memento of his city's garbage strike Thursday—an engraved garbage can lid. When Lindsay inspected the lid, he found inside a picture of Gov. Nelson Rockefeller, pointing a finger. Rockefeller intervened in the strike, causing friction between Lindsay and the governor.

Sachar** who will become chancellor of the Waltham, Mass., University.

MOSHER RITES

A Requiem Mass will be celebrated today in Coronado, Calif. for Dr. **Leila H. Mosher** who, despite blindness, carved out careers in music, medicine, psychiatry and public service. Dr. Mosher, the last private **pupil accepted by Dr. Sigmund Freud** and close friend of **Helen Keller,** died last Wednesday at the age of 83.

SIR LAURENCE

Sir Laurence Olivier, the actor, underwent an emergency operation in London for appendicitis Friday night after being flown from a theatrical performance in the Scottish capital of Edinburgh. A spokesman at St. Thomas's Hospital in London said early today the surgery was successful. Oliver, 60, was ill last year with cancer of the prostate gland. He was reported to have recovered after medical treatment.

'GOOD SPIRITS'

Physicians said Alabama Gov. **Lurleen Wallace** was recovering normally Friday from her third cancer operation in two years and was in "good spirits." Mrs. Wallace, 41, underwent surgery Thursday to remove a pecan-size malignant pelvic tumor and a 10-inch section of bowel that was damaged by X-ray treatment of the malignancy. She was to the hospital before dawn after complaining of pain from an intestinal obstruction and was operated on eight hours later.

Rafferty Seeking Birchers' Votes

By BILL BOYARSKY

OAKLAND (AP) — Dr. Max Rafferty, campaigning for the Republican U.S. Senate nomination, said Friday he "would hope that every member of the John Birch Society would vote for me as individuals."

But the state superintendent of public instruction added that he also wanted the vote of "every single member of any organization" not on the U.S. attorney general's list of subversive groups.

RAFFERTY, making an California, the day after he challenged U.S. Senate Assistant Minority Leader Thomas H. Kuchel for the GOP nomination, discussed the ultraconservative Birch Society at a news conference in Oakland.

A few hours earlier, resigning State Finance Director Gordon Smith — considering running for the Senate — said he will try to convince Rafferty to withdraw from the primary race. Smith told a news conference at San Francisco International Airport that he did not want to run in a three-man primary race.

He would not say, though, if he would withdraw himself if Rafferty still runs. Rafferty said later, "I will not withdraw."

Rafferty flew to Oakland from Sacramento, where he met with Gov. Reagan, who told him he would remain neutral in what could be a fiery GOP primary battle between Kuchel and Rafferty, the favorite of party conservatives who say Kuchel votes too often with the Democrats.

* * * *

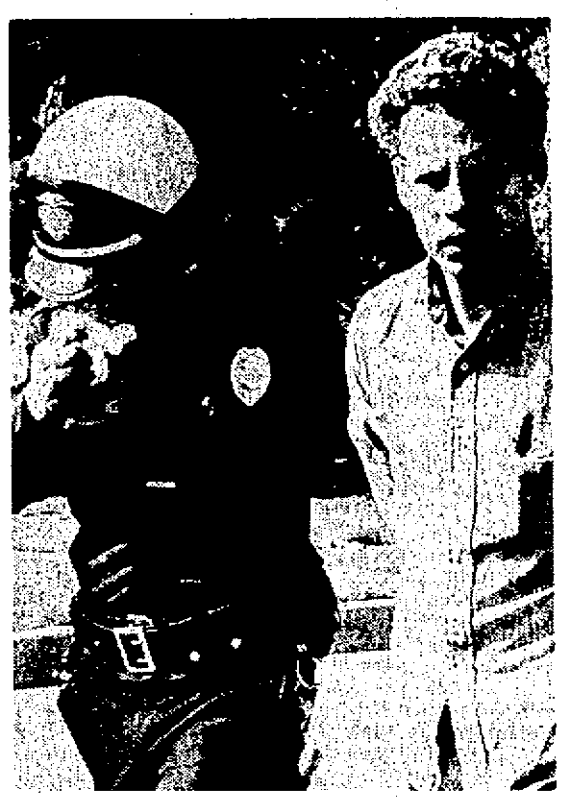

OTHER STOPS were Fresno, Bakersfield and San Diego.

A newsman asked if John Birch Society members were at the rally at the Hollywood Palladium Thursday night in which Rafferty announced his candidacy.

Rafferty said he didn't know of any, but added: "I suppose we've got people from all areas of political life."

He said Reagan, who was repeatedly asked about the Birch Society when he ran for governor in 1966, had the best answer — "If they come to my party, they buy my philosophy, I don't buy theirs."

Rafferty said he would not accept the endorsement of any "quasi-official group" such as the Birch Society. "I'm looking for the individual voter," he said.

2 Held in Gun Death of Prominent Mormon

(Continued from Page A-1)

cers said he apparently had been slain a couple of hours earlier.

A blue jewel case was found in bushes about 100 yards from the Haws' two-story ranch style home.

Haws began work for the W. P. Fuller Paint Co. at the age of 19 and when he retired in 1959 was manager of the tricounty area of Ventura, Santa Barbaran and San Luis Obispo for the firm.

He had been president of the Santa Barbara-Ventura district of the church, had served on its high council and been a bishop.

* * * *

HAWS was born June 13, 1910 in Colonia, Juarez, Mexico, and was the 25th of 29 children. His father, a prominent Mormon leader in Utah, moved to Mexico after polygamy was abolished because he did not want to give up his wives.

Haws was born to the second wife and that marriage was not reconized under U.S. law. The family moved to Arizona as refugees from Mexico's Pancho Villa but Karl returned to Juarez for schooling in the church colony. His xitizenship never was established by Mexico or U.S. courts.

Gold in Them Beverly Hills

A two-year-old gold discovery in the plush Benedict Canyon area of Beverly Hills residential area Friday triggered excitement for television reporters and apprehension for property owners in the area.

The affected area — in a rustic canyon land above Sunset Boulevard — is the setting for homes in the $150,000 and up category. Tooley Hotels, Inc., owners of the property on which the vein of gold and silver was uncovered by a Los Angeles city engineering survey, gave a mixed reaction to the find.

"I don't know what it all means," aid Harry Steinbaum, a spokesman for the hotel chain, "except probably a headache."

The gold, assayed by Northern California and Colorado smellers, produced a reading of 2.2 ounces of gold, 5.4 ounces of silver per ton.

A chemist consulted by The Independent, Press-Telegram said if the assay was correct, the claim would be workable.

But, the representative of the hotel firm said, there is a possibility that the land is worth more for its property value than for any minerals on it.

Elmer Reese, a Los Angeles city public works department geologist, said he couldn't understand the uproar.

"We're primarily interested in the ground out here, and that gold and silver weakens the solidness of the soil," he said.

Down the street, a man from the Todd Compton Realty Company was busily hammering a "sold" sign into the ground where a "for sale" sign stood minutes earlier.

If it happened 109 years earlier, he allowed, he wouldn't have had time to get out of the way himself.

Police Quell Garbage Strike Riot

MEMPHIS (AP) — A march by 1,300 striking garbage workers erupted in violence Friday, but police moved in with nightsticks and gas guns and quickly quelled the disturbance.

Witnesses said several strikers were bloodied and knocked to the pavement by police, who controlled the outbreak in 15 minutes. Other strikers ducked into nearby stores as officers donned gas masks and began firing cartridges of mace, an antiriot gas.

The incident occurred as the strikers, angry at city council's rejection of a key demand for recognition of their union, began a march from a downtown auditorium to a protest meeting several blocks away.

Can Pact Signed

PITTSBURGH (AP) — The United Steelworkers Union announced Friday agreement on a new three-year contract with Crown, Cork and Seal Co., Inc., the last of the four major can companies to come to terms.

Tot Drowns in Cesspool; Mass Slated

A Mass of the Angels will be said Monday for a 21-month-old girl who drowned Friday in a cesspool near her Santa Ana home.

Police said Maureen Kelly, daughter of Mrs. Dorothy Jean Kelly, of 403 S. New Hope St., was dead-on arrival at River View Hospital after her body was found by officers about 11 a.m. in the cesspool.

Officer Clay Cotton said he spotted the unused cesspool and the tot's body floated to the surface when he stirred the water. She had been missing from her home about an hour, he said.

Summerskill Quiting 'His Decision'—Reagan

SACRAMENTO (UPI) — Gov. Reagan said Friday he didn't think his administration was responsible for the resignation of John Summerskill as president of San Francisco State College.

"That has to be his decision," Reagan said. "I don't know of anything we've done" to make Summerskill resign.

Summerskill, 42, resigned after one year as head of the 18,000-student urban campus Thursday. He charged political interference and inadequate financing was threatening higher education in California.

* * * *

"I'M NOT going to lose any sleep if that's the main reason he made the decision," Reagan said.

"I hope for his sake he finds a campus where there are unlimited funds and no restrictions (on spending)," the governor added.

The boyish-looking Summerskill, a psychologist, said he planned to remain in education in the San Francisco area.

He attacked both Reagan and Assembly Speaker Jesse M. Unruh, D-Inglewood, for their attitudes toward higher education.

"I don't think Gov. Reagan is particularly interested in bulding higher education in California," Summerskill said.

HE SAID he was discouraged after a discussion on education he had with Unruh, the state's most powerful Democratic legislator.

"I think the speaker, to use a student expression, is uptight about law and order, and I think he is uptight about the fact it costs money to educate our sons and daughters."

Summerskill had been under fire since a campus riot Dec. 6 during which the college president, on the advice of San Francisco Police Chief Thomas Cahill, did not call city police onto the campus.

Reagan, Unruh and Max Rafferty, superintendent of public instruction who is running for U.S. senator, criticized Summerskill. Reagan later said Summerskill acted correctly in the situation.

Improving of Hospital Staffs Due

SACRAMENTO (AP) — Gov. Reagan said Friday that staffing of state mental hospitals will be improved "in the light of medical progress."

Reagan imposed staff cutbacks in state hospitals last year, calling for elimination of some 2,800 jobs. He gave no immediate figures on new staffing standards.

"We will begin putting these new standards into effect partially with funds saved by economies in the department," Reagan said.

The new standards follow recommendations by the California Commission on Staffing Standards in 1967, Reagan said. They will replace 1952 standards which "have become obsolete in the light of medical progress and particularly because of the increased emphasis on local treatment of the mentally ill."

6-Year-Old Hit, Killed by Truck

A 6-year-old Willowbrook boy was struck and killed by a truck Friday and a Bellflower man died in a head-on collision in Georgia.

California Highway Patrolmen said Willie David Brooks Jr., of 2450 E. 115th St., was dead-on-arrival at St. Francis Hospital Lynwood after he was struck down as he crossed the street near his home about 12:40 p.m.

Truck driver Truman Wakefield, 54, of Gardena, was not held.

Worth County, Ga., sheriff's deputies said Hargis H. Jay, 52, of 16215 Cornuta St., died in a two-car crash which also killed two other persons, both from Albany, Ga.

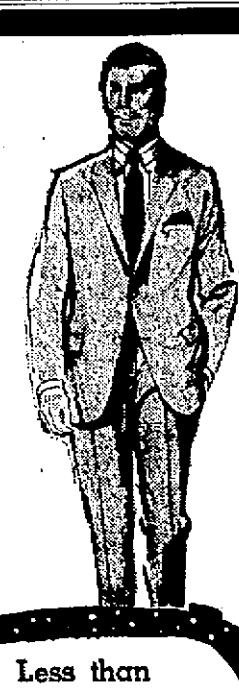

Trinity Addition

Trinity Lutheran Church of Norwalk has added to its staff Walter John Meyer as minister of education. A former public school teacher and principal in Illinois and Wisconsin, he handled Christian education at Ascension Lutheran of Los Angeles.

Marine Science Chief

STORRS, Conn. (UPI) — Dr. Peter Dehlinger of Oregon State University, a recognized authority on physical oceanography, Friday was named the first director of the University of Connecticut's Institute of Marine Science.

OSCAR SILLY QUESTION, GET SILLY ETC.

By BOB THOMAS

HOLLYWOOD (AP) — Questions that are being asked about this week's Academy nominations:

If "Doctor Dolittle" was considered one of the five best pictures of the year, why wasn't it nominated for direction or performance?

Was Katharine Hepburn's performance in "Guess Who's Coming to Dinner" really that good, or was she nominated for sentimental reasons?

Why was "Far From the Madding Crowed" so overlooked? It was named only for original musical score. Has there ever been a year of less distinguished songs? Try whistling any of them.

Was "Thoroughly Modern Millie" really good enough to win seven nominations? Why did the voters overlook the performances of "In Cold Blood"?

And didn't "the Taming of the Shrew" deserve more than nominations for art direction and costume design?

Shouldn't James Joyce have been nominated for screenplay of "Ulysses," instead of Joseph Strick and Fred Haines? Do the best-picture nominations reflect President Johnson's plea against traveling abroad? All five were filmed in the United States, although part of "Doctor Dolittle" was shot overseas.

And are the Academy voters being chauvinistic about rewarding American actors? Only three of this year's 20 nominees were foreign-born vs. more than half last year.

Or are the voters simply looking for newcomers? Who ever heard of Dustin Hoffman, Gene Hackman, George Kennedy, Michael J. Pollard, Estelle Parsons, Beah Richards or Katharine Ross before this year?

Aren't the awards much simpler and more logical now that designations of black-and-white and color have been eliminated in photography, costume design, etc.?

Why did the voters fail to give editing nominations to "The Graduate" and "Bonnie and Clyde," two of the year's most imaginatively edited films?

Why did no one seriously consider my favorite performance of the year — Bobby Morse in "How to Succeed in Business Without Really Trying"?

Why do I carry on like this?

He'll B-Flat 6Gs, and Hit the C-ling

BOLOGNA, Italy (AP) — The curtain came down Friday on another act in the drama of the opera-loving city of Parma vs. American baritone Cornell MacNeil. He lost.

An appeals court here ruled that Parma has every right to collect four million lire ($6,400) from MacNeil because he stalked off the stage during a performance of Verdi's "A Masked Ball."

The incident took place Dec. 26, 1964, during the third act, and seems to have resulted from a misunderstanding. From out of the audience that night came the shout, "Basta, Cafoni" (roughly, "Cut it out, you boobs"). The shout may have been meant to silence someone talking, but MacNeil thought it was addressed to the singers. He shouted back across the footlights," Basta, cretini" (roughly, "Stop it, you idiots").

Iratz spectators chased him to his dressing room. It took police 15 minutes to break up the mob scene.

MacNeil was due for a second performance the next day. He left Parma without singing it, asking no payment for the performance he canceled.

Parma sued MacNeil for four-million-lire damages. When the case came to court in Parma the judges decided that the city was as much to blame as MacNeil for the uproar because it had failed to guarantee "the proper environment" for his performance.

The city appealed. The appeals court here reversed the decision and ordered MacNeil to pay. MacNeil was not present for the verdict. He is living on Long Island, New York.

UCI Opera Not a Student Effort

By DANIEL CARIAGA
Music Critic

There is a growing network of opera-producing organizations in Southern California. Some of these groups aim at eventual professional status while pursuing small, amateur-oriented success. Others, like the newer college workshops, follow growth patterns established by their now-entrenched predecessors at UCLA and USC. Still others, unaffiliated with academic institutions, seek to fill an educational need within a modestly commercial framework.

Right after New Year's, I attended the second production of the year-old opera workshop at Cal State, Fullerton. The work was Robert Ward's "The Crucible," an important and accessible contemporary opera Arthur Miller calls a greater work than his original play.

* * * *

IT WAS fully staged, with two-piano accompaniment, thoroughly prepared, and conscientiously sung by an attractive cast of young singers.

Because they were young and in no wise professional (though certainly, voice by voice, promising) I submitted no report on their commendable effort at that time.

This week, having just returned from UC Irvine, where UCLA Opera Workshop impresario Jan Popper is putting on "Cosi fan Tutte," I regret having kept silent about "The Crucible" — which is not to make any comparisons between the two productions; none are possible.

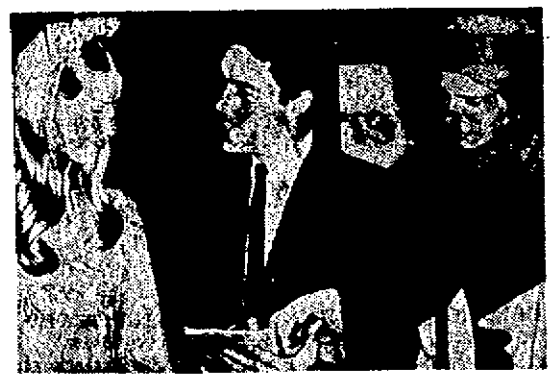

"The Crucible," produced by workshop director Clifford Reims, was a well-prepared student effort, musically satisfying on those terms, additionally pleasing when one considers what a first-class educational experience it must have been for the participants.

* * * *

POPPER'S "Cosi," with staging by UCI's fine-arts dean, Clayton Garrison, a pretty setting and handsome costumes by Richard Triplett, is slick, entertaining, musically polished, and, unless I miss my guess, nearly 100 per cent professional in the casting.

That is, the idea that Popper was mounting a student workshop production of Mozart's comedy, an idea implicit in his presence on the campus this year, is suspect.

Yes, the eight-voice chorus is probably composed of UCI undergraduates, as is probably the production staff. Of the principals, however, only one would appear to be a genuine student-singer.

IN 'CINDERELLA'

Irene Showalter and Gordon Simmons are directed by Dennis King (center) in "Cinderella," Long Beach Recreation Dept. drama workshop production in Silverado Park Clubhouse. Performances will be at 2:30, 7:30 today, and Sunday.

Fiordiligi and Dorabella are Brenda Ferecnz and Andree Jordan, two young professional singers from Los Angeles. Ferrando is George Endsley, who has been heard with the UCLA Workshop. UCI choral director Maurice Allard is Guglielmo. The strong Don Alfonso is Alan Pitt of San Diego, who sang the Fifth Jew in "Salome" there last fall.

* * * *

THEY ALL do a fine job, some opening night hoarseness notwithstanding. And we can always appreciate a sprightly "Cosi," comedically successful (if anything, there are more laughs than the music can bear) and propulsive in a musical way.

Yet the real point here is not how successful it all is, but who, and how many, really benefit from the experience. The question that arises every time one of our nearby universities puts on "Das Rheingold" or "Turandot" or the Ninth Symphony is this: Is it the function of our college opera workshops (or symphonies, or choirs) to serve the glorious upward climb of individual conductors and impresarios? Or is their function educational?

BOOK REVIEWS

A Rich Cheyenne History

CHEYENNE MEMORIES. By John Stands In Timber and Margot Liberty. Yale, $7.95.

John Stands In Timber was born in 1884; a few years before he saw the light of day his grandfather died in the Battle of Little Big Horn in which Custer and his men were massacred.

"When I was a little boy," he recalls, "I began to listen to old man and women of the Cheyenne tribe telling stories that had been handed down from earlier generations. Many of them used to visit my grandparents who raised me — my parents died before I was 10 years old. And I could listen and listen; if they talked all day I would be there all the time."

John Stands In Timber memorized many of the stories. He came back from school in 1905, and decided to write them down. "I went back to these old people to get the details straight. I have been doing it ever since. That is why the Cheyennes call me their historian, both the southerners in Oklahoma and the northerners in Montana."

* * * *

MARGOT Liberty met John Stands in Timber in 1956, when she was teaching Cheyenne children for the Bureau of Indian Affairs, and a collaboration of over 10 years produced this history and book of personal memories of the Cheyennes, as seen by a Cheyenne who gleaned his knowledge from those whose lives made that history.

It is a remarkable achievement, in which a folk historian has succeeded in preserving the annals of his people.

John Stands In Timber was never able to see his actual book. He died last year, while it was in press. — Nat Honig.

OUT OF THE WHIRLWIND: A Reader of Holocaust Literature. Edited by Albert H. Friedlander. Doubleday, $9.95.

How could the country of Bach, Beethoven and Brahms, of Schiller and Goethe, of Humbolt and a hundred other great scientists and humanists, destroy, in the cruelest possible manner, 6 million Jews?

Lest today's generation forget the infamies of Hitlerism, it is well to have books such as "Out of the Whirlwind," which tell, in the words of famous writers and of others, what it meant to be a victim of the Nazi whirlwind of genocidal murder.

Most of these writers somehow survived; some did not.

* * * *

HERE WE have excerpts from Anne Frank's "Diary of a Young Girl," Bruno Bettelheim's "The Informed Heart," Andre Schwarz-Bart's "The Last of the Just," Rolf Hochhuth's play "The Deputy," Elie Wiesel's "Night," — these are the classics of the catastrophe. But equally compelling are such accounts as Alexander Donat's of the heroism of the Warsaw Ghetto; the Italian Jew Primo Levi's account of his efforts to remain a human being in the concentration camp; Eugene Heimler's description of the agonies of body and spirit in Auschwitz (where all his family died), and many more poignant readings from hell.

SINS OF THE FATHERS: A Study of the Atlantic Slave Traders, 1441-1807. By James Pope-Hennessy. Knopf, $7.95.

Thoroughly familiar with the West African areas from which the slaves were brought to the Western Hemisphere, James Pope-Hennessy has also used letters and diaries of slave traders, seamen and slaves for his poignant history of the Atlantic slave trade, from its inception in the 1400s to its disappearance in the early 19th century.

Those who conducted the nefarious business were both white and black, and the author tells what manner of men they were and how they operated. Life in the ports of Africa where the slaves were traded, on the slave ships and on the plantations in the Americas is described.

SKIING RUMOR

Design Wedding Dress for Jackie

STE. AGATHE DES MONTS, Que (UPI) — Mrs. John F. Kennedy skied Friday while Rome burned with the rumor that one of her favorite designers, Valentino, was drawing designs for her wedding dress.

The former first lady, 38, was more intent on improving her wobbly ski technique than denying again that she plans to wed Britain's Lord Harlech. She graduated from the beginners slope to the intermediate class and was radiant when her instructor told her she was "not bad."

* * * *

BUT REPORTS from Rome and London tended to give some credence to the belief that she may have accepted a marriage proposal from the dashing 49-year-old widower and would marry him after he has completed a year of mourning in May.

A spokesman in Rome hemmed and hawed when questioned by United Press International and finally answered: "I don't know about it but really cannot say anything."

In London, Lord Harlech indicated for the first time that he has not ruled out eventual marriage to Mrs. Kennedy, although he has previously backed her denials that they have made marriage plans. The London Daily Express said its reporter had asked the peer if he though "they would ever marry" and he replied:

"Ah, now, that's another question. I'm afraid I've no comment on that. But I certainly have no plans to marry in the near future."

* * * *

MRS. KENNEDY and her children, John and Caroline, completed their second day of a four-day ski weekend at this Laurentian mountain resort. They are staying at the Mitawanga Point Chalet of mining heir Robert Timmins and his wife, Pamela, one of Mrs. Kennedy's former press secretaries.

The former first lady skied seven miles over sunny slopes in 6-degree temperatures and warmed herself at the end of the run with hot buttered rum. Caroline was as wobbly on her skis as her mother and John had a number of falls. But skiing instructor Ernie McCulloch said Mrs. Kennedy was doing well for someone who had not been on skis recently.

Red Attack in Tonkin Verified

WASHINGTON (UPI) — The commander of the two U.S. destroyers in the 1964 Gulf of Tonkin incident said Friday night his ships definitely were attacked by the North Vietnamese and denied the attacks were provoked.

The Tonkin incident led to the first U.S. bombing raids against North Vietnam and an overwhelming congressional approval of a resolution requested by President Johnson in support of his war policy.

* * * *

CRITICS OF the war, particularly the Senate Foreign Relations Committee, have questioned the administration version of what happened that fateful night. Chairman J. William Fulbright has accused the administration of suppressing information that casts doubt on whether the destroyers actually were attacked. Others said the U.S. destroyers provoked the north Vietnamese into attacking them.

Capt. John J. Herrick, 47, of Warren, Minn., who was aboard the destroyer Maddox and in charge of both it and the destroyer Turner Joy, told United Press International in an interview that there could be "no doubt" his ships were attacked.

Capt. Herrick denied a charge by Sen. Wayne Morse, D-Ore. that the mission of the U.S. ships was to "stimulate" North Vietnamese radar or radios into activity. "I don't know how you would stimulate an electronic reaction," he said. He said his ship carried only "passive" radio equipment.

Other points made by the captain:

—**There was never any** doubt aboard the ships, he said, that sonar reports showed torpedo firings. The only doubts, he said, were over how many torpedoes had been fired.

—**It "never occurred to** me" that he was acting as a "decoy" or luring North Vietnamese boats north, and he denied he was.

Hunt Widens for Orange Co. Convicts

The search for nine prisoners who escaped from the Orange County Jail this week spread into Nevada Friday after a car stolen in Santa Ana was discovered out of gas near Baker, Calif. along the road to Las Vegas.

The car was stolen from George Knitt on the morning of the escape. He said he purchased the car the night before. Sheriff's investigators said six cars stolen in the vicinity of the jail in downtown Santa Ana were believed taken by the escapees.

Two of the 11 felons who escaped were captured the same day. One was found injured and hiding in a car a block from the jail. The other was captured in the home of a girl friend in San Pedro.

Molotov Cocktail Possession a Felony

LANSING, Mich. (UPI) — The Michigan House Friday passed an anti-riot bill requested by Gov. George M. Romney that makes it a felony to possess a "Molotov cocktail."

The House took the extraordinary step of making the proposed law effective before summer. The bill passed 80-8, with one Republican and seven Democrats voting against it. The bill still must be approved by the Senate and by Romney before it can become law.

Deny Plans of Reserve Mobilizing

(Continued from Page A-1)

that beyond what the President said, you are in error."

Asked why Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, was in Vietnam, Christian said he was there to make a first-hand appraisal of the latest Communist effort.

* * * *

IN OTHER matters, the White House released President Johnson's latest plan to lure foreign tourists to this country by drastically lowering visa requirements. The request, submitted to Congress by letter, is part of the administration plan to solve the nation's balance of payments problem.

Under the proposal, the visa requests for foreign tourists and businessmen would be handled by travel agencies instead of U.S. consulates in most cases. The idea is to make it easier for foreigners to visit this country and spend money to help offset the balance of payments deficit.

Taking action in another area of the economy Johnson announced the formation of a five-member Cabinet Committee on price stability to study methods for curbing the long-range problems of inflation. The White House emphasized that this was not to be considered a move by the President towards direct wage and price controls.

* * * *

THE committee — made up of the secretaries of Labor, Commerce and Treasury, Budget director and chairman of the Council of Economic Advisers — was directed by Johnson to take "effective steps this year in the pursuit of price stability."

These steps, according to the White House, involve a complete review of administration policy effecting wage and price stability with a mandate to come up with recommendations where and if changes should be made.

FOR A BANK STICKUP

Wrong Time, Wrong Place

New York Times Service

NEW YORK — If there is a time and place for everything, Ramsey Snow picked the wrong time and the wrong place for an alleged holdup Friday.

The time was not long after the funeral services for Patrolman Anthony Graffia, who was shot to death while attempting to thwart a drugstore holdup.

The place was the Dry Dock Savings Bank Branch, where a number of policemen who had just returned from the rites were waiting in plainclothes to cash their paychecks.

"There must have been over 10 to 15 of us there," one of the patrolmen, Michael Demaria, said later. "That character didn't have a chance."

As the police recounted the episode, Snow allegedly handed a note to teller Felicia Desalvo. It read: "This is a stickup. Please cooperate. You will not get hurt. Hand over your big bills."

The note was written on the back of a circular urging revision of the penal law to "Give policemen back their power."

As Snow, described as a 21-year-old drifter who had arrived here Monday from Omaha, Neb., allegedly fled from the bank with $4,300, the manager, James Demarco, approched patrolmen Peter Vitale and Thomas Merlino, who had been waiting on line.

"That man just robbed one of my tellers," Demarco whispered.

Vitale and Merlino set out in pursuit of Snow.

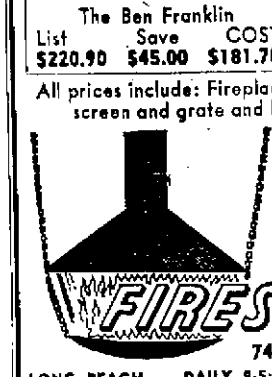

The policemen said they saw the six-foot, 185-pound Snow running along sixth street. The two patrolmen fired three warning shots in the air before seizing Snow after a half-block chase.

County Officials Rip Post's Tax Squandering Prediction

By JIM McCAULEY
From Our L.A. Bureau

County officials Friday ripped into a state official's prediction that counties probably would fritter away any property-tax relief money.

The volley of comments was touched off when Legislative Analyst A. Alan Post earlier urged state legislators not to earmark $155 million to ease pressures on property taxes. Half of the "property-relief" funds would have gone to counties under the latest Reagan Administration proposal.

* * * *

POST SAID the legislature should keep for state purposes the half cent set aside of the five-cent sales tax.

County Supervisor Warren M. Dorn termed the Post remarks "a most unfortunate statement."

In a letter to Post, Dorn stated:

"It is obvious you are unaware of the rigid economy programs which our county and virtually all others in the state have followed."

Dorn referred to the county's so-called Property Tax Reduction Fund. Earmarked for the fund are revenues from filing fees and process serving — rates that were increased recently. Dorn said it is the county's plan to place in that fund any monies allocated from the $155 million.

* * * *

HE URGED Post to meet with county representatives as soon as possible.

Lindon S. Hollinger, chief county administrative officer, also said any money received by the county "automatically goes to reduce taxes."

Hollinger blamed recent county tax increases on the fact the state has mandated the county to add additional services without providing funds to fully pay for the services.

In Sacramento, Post had testified that county spending and property taxes increased after the state in 1955 gave counties the authority to levy a 1 per cent sales tax in unincorporated areas.

* * * *

RETORTED Hollinger: "In this county, our proceeds from the 1 per cent amounted to less than 5 cents on the tax rate."

Hollinger also said the Los Angeles County sales tax base has shrunk due to incorporations and annexations.

State-mandated increases in the welfare program for next year will cost more than the entire $7.5 million county yield of the 1 per cet sales tax, according to Hollinger.

Tidelands Stand Due by County

From Our L.A. Bureau

County supervisors will decide Tuesday whether to intervene in the politically charged controversy on federal tidelands revenues.

They were put on the spot on the multimillion-dollar issue when a resolution from Carpinteria city council was placed on the board's agenda. Carpinteria wants California interests to back federal legislation which would permit the state and local governments to share in federal oil revenues from tidelands beyond the three-mile limit.

The proposal's 1968 political ramifications were spotlighted last week in Sacramento when the Assembly Rules Committee pigeonholed a similar resolution by Assembly Speaker Jesse M. Unruh.

* * *

IN SERVING notice he opposes taking up the resolution, Assemblyman Ray E. Johnson, R-Chico, termed the proposal "political dynamite." It takes only one objection to bottle up a resolution.

"This is a good bill for Max Rafferty to lambast Thomas Kuchel with," said Johnson in sidetracking the issue. State Superintendent of Public Instruction Rafferty is challenging incumbent Sen. Kuchel for the Republican nomination.

Kuchel is co-author of a bill that would reserve federal tidelands revenues for federal conservation.

The Unruh and Carpinteria resolutions champion a rival congressional bill sponsored by Rep. Edwin Willis and Sen. Russell Long, both Louisiana Democrats. The Willis-Long bill would give California an estimated $226 million in 1968-69, according to an Unruh estimte.

* * *

THROUGH the oil-rich shoreline within three miles is state-owned, the federal government is putting out for lease federally owned tidelands beyond the three-mile limit off Santa Barbara County.

A similar offering of federally owned tidelands off the Long Beach area is likely in the future.

The California precedent of sharing some of its tidelands revenues with Long Beach and other jurisdictions where the shoreline land has been granted in trust was championed in the Carpinteria resolution.

"The state has recognized the moral and practical obligation to compensate local communities for this loss of aesthetic values and damage to the beach-oriented communities," argued Carpinteria.

If county supervisors shunt aside the Carpinteria resolution, it thus will be a victory for Sen. Kuchel. Endorsement of the Carpinteria resolution would put the fiscal pressure on Southern California congressmen for a break with Kuchel on the tidelands issue.

Electronic ID System Aids Police

Electronics, workhorse of modern police agencies, is being utilized again by the Los Angeles Police Department to speed identification of newly arrested prisoners.

FIN — Facsimile Identification Network — is a high speed transmitting and receiving system linking police headquarters with 16 outlying divisions.

The equipment enables police in outlying areas to make a positive identification of a suspect in 10 to 30 minutes, instead of the previous six to 12 hours, by transmitting a facsimile of the suspect's fingerprints to headquarters.

Police records are quickly searched to confirm the suspect's true identity and ascertain whether there are any outstanding warrants for his arest.

Blue Cross Reimbursement Plan Changed

By BEN ZINSER
Medical-Science Editor

Blue Cross of Southern California announced Friday a new provision in its reimbursement formula with 300 Southern California hospitals.

The provision, proposed by Walter C. Groshong, past president of the board of directors at Long Beach Community Hospital, allows hospitals to average revenue through a "carry forward" plan.

Groshong's idea is similar to the federal income-tax provision which permits business to average out gains and losses over a specified number of years.

"This new provision can mean an average of six per cent above cost for all hospitals, and we feel it is a great step forward in our negotiations with Blue Cross concerning reimbursement for nonprofit hospitals," Groshong pointed out. "In California, a nonprofit corporation's revenue is limited to 10 per cent above oprative expense."

Till now Blue Cross has made interim payments to hospitals during the year on the basis of the prior year's cost report. Payments are adjusted at the end of the hospital's fiscal year, according to what the cost report reveals.

Currently Blue Cross pays each hospital its actual cost of providing services plus six per cent, or billed charges, whichever is lower. This new provision can mean an average of six per cent above operating cost. If there is a difference it may be carried forward as a reimbursable cost, not to exceed three succeeding accounting years.

H. Charles Abbott, president of Blue Cross, applauded Groshong's recommendation.

The "carry forward" plan is effective immediately, Abbott said.

"It is particularly important at this time," Abbott said, "because of the major changes many hospitals made in their rate last year."

The contract between Blue cross and hospitals has been approved in full by the Hospital Council of Southern California.

Wife of Acquitted Faces Hearing on Slaying Confession

By GEORGE LAINE

Mrs. Dorothy Morgan, whose "surprise" confession to the slaying of her son-in-law stunned a Torrance courtroom in December, Friday faced charges of giving false evidence and being an accessory after the fact to the crime of murder.

The Long Beach woman surrendered in Torrance Municipal Court and Judge Goerge Perkovich ordered a preliminary hearing April 15.

She was allowed to remain free without bond.

On Dec. 28, Mrs. Morgan's sworn statement which described how she shot and killed her son-in-law, James G. Frutchey, 40, July 2, 1967, was revealed in a Torrance courtroom.

Superior Court Judge Allen Miller acquitted Billy Lee McHenry after Mrs. Morgan's statement.

The following day the judge also acquitted Arthur V. Morgan, husband of the woman.

Both men had been charged with the slaying of Frutchey in the back yard of his Rolling Hills home.

Mrs. Morgan declined to discuss the case Friday.

"I can't say anything about it," she said, "Mr. Ball's office is handling it."

The acquittal of the two men prompted Judge Miller to issue a stern reprimand to the defense.

The jurist said the defense had tried to "confuse and deceive" the court by submitting the "confession." Morgan was represented by Joseph A. Ball, Long Beach attorney.

Judge Miller also issued a rebuke to Mrs. Miller at the same time. He called her admission "completely incredulous."

The state had contended Morgan and McHenry went to Frutchey's Rolling Hills home on the night of the slaying after being told Frutchey was mistreating his wife, Charleen, who is Morgan's daughter.

In the initial police report of the case, Morgan was reported to have said the gun discharged as he and Frutchey struggled for possession of it during an argument and scuffle in the backyard.

Frutchey had four bullet holes in his chest, the coroner said.

L.B. Navy Shipyard Holds Birthday Fete

By BUCK LANIER
Military Editor

After a quarter century of keeping America's fighting ships in trim, Long Beach Naval Shipyard Friday celebrated its Silver Anniversary.

All eight of the yard's former commanders joined most of the 8,400 workers employed at the giant facility for the rededication ceremonies, held in front of the base administration building.

Capt. Fred Earle, now retired, returned to the base he commanded when it was commissioned in 1943 and presented the present commanding officer, Capt. Monroe Hart, with the commissioning flag.

The event was marked with a poignancy that brought handkerchiefs to the eyes of many of the huge throng.

After Congressman Craig Hosmer presented a new flag — one which had flown over the Capitol earlier this week—both Old Glories were hoisted to the top of their poles as a Marine Corps band played the National Anthem.

Rear Adm. Edward J. Fahy, Ship Systems Command boss, completed installation of the Silver Anniversary plaque at the base of the yard's main flagpole.

"This is easy for me," he said. The admiral, son of a bricklayer, added, "I've always been handy with a trowel."

Adm. Fahy complimented the yard workers on their loyalty and reminded them their work on the Pacific Fleet ships "was helping to get the war over."

Rear Adm. Horace V. Bird, naval base commander, told the workers:

"You are literally in the trenches, doing your part to keep the nation's war effort moving. I am particularly pleased to see this impressive turnout."

Two shipyard officers were presented medals by Adm. Bird as a part of the ceremony.

Cmdr. Edward Ott received the Navy Commendation Medal for his work as hull trials officer for destroyers in the Atlantic Fleet from 1964 to 1967.

Lt. Frank Anderson was awarded the Navy Achievement Medal with Combat V for his electronics work while operating with the Sea Dragon units of the 7th Fleet off Vietnam.

Sixty-nine men from the yard's original work force in 1943 were also recognized.

Capt. Hart read a congratulatory and "well done" from Adm. Thomas H. Moorer, chief of naval operations.

At a luncheon the former commaners received plaques and momentos from the shipyard.

They are, in order: Capt. Earle, Capt. Dale Quarton, Capt. Emmett Sprung, Rear Adm. R.K. James, Rear Adm. C.J. Palmer, Rear Adm. Jack Fee, Rear Adm. Jaime Adair and Rear Adm. John Dolan.

All are retired except Adms. Adair and Dolan. The former is a deputy in the Ship Systems Command, and Dolan is in charge of maintenance for the Atlantic Fleet.

Long Beach Mayor Edwin W. Wade complimented the yard and said, "You are and always will be a source of great pride at City Hall."

No TV Cancels Beauty Pageant

By WALT MURRAY

The International Beauty Congress — which has graced Long Beach with an annual bevy of beautiful girls since 1952 — Friday was canceled for this year by pageant officials.

Reason for suspending the event was the failure of arrangements for bringing in national television revenue, according to Robert Pierce, IBC president.

He said the pageant relies heavily on TV revenues for funding, and this spring the networks were unable to televise the IBC on dates available at the Long Beach Municipal Auditorium.

THE MORATORIUM on the pageant, decided at a meeting of the IBC steering committee, came after the IBC's national television sponsor and agency declared costs of staging the pageant anywhere but the auditorium would be "excessive."

The television time problem was aggravated because of heavy network coverage of national political conventions and the Olympic Games. It had been scheduled April 24 through May 4.

Last year the 15-year-old beauty pageant was held April 18-30, the first time it had been staged in spring instead of summer.

IBC promoters said the prime reason they switched the beauty extravaganza from summer to spring was to get increased TV coverage. A host of other beauty contests compete for television time in the summer, they said.

Meanwhile, Vice Mayor Robert F. Crow said the IBC has "run its course," and no more city money should be spent on it. He said he would ask the City Council Tuesday to demand an "immediate accounting of pageant funds."

THE CITY budgeted $54,000 this fiscal year to help finance the IBC, and more than $30,000 of that already has been paid to the IBC organization, city officials said.

The IBC's contract with the city provides that it must stage the pageant sometime in April or May, unless the council approves a change in dates.

Crow, who voted last October against granting additional money to the IBC, saw the new development as the final curtain on the pageant.

"I feel it has served its purpose," the vice mayor said. "We should not spend any more taxpayers' money on it."

The unexpected move by the IBC steering committee is the first time a Long Beach beauty extravaganza has been canceled.

INTERNATIONAL beauty became a business in Long Beach in 1952 when the first Miss Universe contest was staged. During the eight years that contest ran, Long Beach received world-wide acclaim for the international event.

In 1960, the Miss Universe contest was moved to Miami, Fla., but with the aid of the city and the harbor department, it was set to continue with a new name.

Last year there was a gap of 20 months between contests.

At the request of pageant directors, the City Council agreed to change the date from summer to spring for greater national television coverage and increased local attendance.

James Willingham, then IBC president, told the council last year that "on a national basis, eight beauty pageants are crowded into four summer months. If we have winter or spring dates, ours will stand alone and therefore will attract more TV viewers."

Rheumatoid Arthritis May Be Infectious

A group of diseases including rheumatoid arthritis may be infectious, a medical specialist said Friday in Long Beach.

Suspected is a virus which acts slowly, reported Dr. Eugene V. Barnett, associate professor of medicine at UCLA. He spoke to doctors at a luncheon meeting in St. Mary's Hospital.

Dr. Barnett said the disease suspected of being infectious are those classified as "autoimmune" — conditions in which one develops antibodies against the products of one's own tissues.

Dr. Barnett said there are similarities between Aleutian disease, a disorder in minks, and systemic lupus erythematosus (SLE), an arthritis-like disease in man.

No viruses have been seen in Aleutian disease of mink — but the disorder can be transferred, which leads one to believe there's an organism involved, he said.

Another animal disease — that of New Zealand black mice — is similar to SLE in man. Virus particles have been observed in these mice, he noted.

Medical textbooks say the causes of rheumatoid arthritis and SLE are now unknown.

"It's possible that SLE — and rheumatoid arthritis too — are a slow-virus infection," Dr. Barnett asserted.

Temporary Delay for 'Mary' Strike

By BOB DAVIS

A pending strike against the City of Long Beach by one of the maritime unions involved in a dispute over the Queen Mary has been "temporarily" postponed.

Frank Lombardy, business agent for the International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers and Helpers, Local No. 92, said a meeting with the Los Angeles County Federation of Labor to seek its sanction in a pending strike vote against the city has been delayed.

The dispute, which the city claims is "new to us," is reportedly over the use of civil service employes to operate a portable steam boiler used to heat tar-like fuel in the bilge of the Queen Mary so it could be pumped out before moving to drydock.

Pickets, reportedly from eight other maritime unions, have been carrying placards reading, "On Strike, Boilermakers Local 92" at the gate to the Queen Mary's berthing area.

Several pickets indicated they were protesting in sympathy with the boilermakers.

Meanwhile, court action between the City and nine maritime unions named in a restraining order to stop interfering with movement of the Queen Mary to drydock, was continued for one week by Judge Max Z. Wisot.

The new court appearance is set for 10 a.m. Friday in Department H.

Dep. City Atty. Kenneth Williams was granted the continuation when he told Judge Wisot he had been unable to serve the officers of five maritime unions prior to the first court appearance Friday.

The restraining order was issued Wednesday after Williams complained union picketing earlier kept seven tugboats from moving the huge liner into drydock at the Long Beach Naval Shipyard.

The restraining order made possible the moving of the Queen Mary into drydock Thursday, but late Wednesday the Navy announced a destroyer was due for emergency work which meant at least a one week delay for the future maritime museum.

Williams said it was possible the destroyer might leave before next Friday, which means the Queen Mary could be moved immediately. He assured James Ackerman, attorney for several of the unions, that "reasonable notice" would be given if this were done.

Garden Grove Marine Awarded Bronze Star

A Garden Grove Marine received the Bronze Star Medal Friday in a Camp Pendleton Vietnam awards ceremony.

Sgt. Athol B. Shuster Jr., 23, son of Mr. and Mrs. Athol Schuster, 12701 Morrie Ave., was honored for heroic action at Con Thien on Sept. 19, 1967.

The citation said Sgt. Shuster "showed complete disregard for his own safety in going across 100 yards of unprotected area to assist three wounded Marines to the field hospital."

Schools Close for Convention

Los Alamitos School District's 4,100 students will get the day off Monday when teachers participate in a special professional improvement program.

The day-long session, designed to improve teacher skills in linguistics, science and team teaching, will be held in the Richard Henry Lee School in Rossmoor. A number of experts will be on hand to lecture.

BIG CHANCE SUNDAY

Shipyard Sets Public Tour

If you've never seen the insides of the Long Beach Naval Shipyard, Sunday's your big chance!

And you couldn't pick a better day. The facility will be celebrating its silver anniversary — spruced up for visitors and sightseers.

"We don't get many opportunities to let the public in," Capt. Monroe Hart, who commands the big base said, "but it is fitting we do so now since Sunday is exactly 25 years from the date of the yard's commissioning."

A special attraction for shipyard visitors will be the guided missile frigate USS England, which will be open to visitors from 12:30 to 3:30 p.m. at Pier 3.

Adequate parking will be available, the commanding officer said.

Dr. Fred B. Clarke, of L.B., Dead at 87

Dr. Fred B. Clarke, pioneering Long Beach physician credited with the introduction of many medical practices in the area, died Friday at the age of 87.

He retired in 1957 after a distinguished 50-year career during which he was chairman of the council of the Los Angeles County Medical Association, president of the Southern California Medical Association, as well as the Long Beach branch, and Diplomate, Board of Internal Medicine.

FOLLOWING his retirement, he resided at 1927 E. Ocean Blvd. with his wife, Myrle, who survives, and continued his voluminous writings for medical publications. In addition, he wrote several general articles for the Southland Magazine of the Independent, Press-Telegram.

Born in Drakesville, Iowa, at the age of 23 he was working with a Rock Island Railroad crew surveying a new rail line to the West, when he decided to take up medicine. Three years after graduation from the University of Illinois Medical School, he was chief of staff of Cook County Institutions in Dunning, Ill., responsible for 4,900 beds, and later was superintendent of Chicago State Hospital.

DR. F. B. CLARKE

AFTER a period as a professor of clinical neurology at Marquette medical school and operating then Thuerer-Clark Clinic at Billings, Mont., Dr. Clarke came to Long Beach in 1922 and went into the private practice of internal medicine.

He was a Fellow of the American College of Physicians and the American Academy of Medicine, a member for seven years of the House of Delegates of the AMA and first vice president of the Los Angeles Academy of Medicine.

Dr. Clarke reported the first case of spontaneous pneumothorax recognized in the Long Beach area, and recognized the first case of brucellosis in the area.

He had the first electriocardiograph machine (1928) and the first basal metabolism machine (1924) in this area.

He was chairman of the committee which established the blood bank at Seaside Hospital in 1941, first in the area and second on the West Coast.

DURING World War I he was chief of Neurology Service at a Navy Base Hospital in Seattle, and during World War II was a member of the local Committee for Civil Defense, and of the five-man County Committee for Procurement and Assignment.

Surviving in addition to his wife are two sons, Capt. Fred B. Jr., USN, and John M. of Long Beach; two daughters, Mrs. Daulton Lee of Palos Verdes, Mrs. William D. Green of San Bernardino, 13 grandchildren and one great grandchild.

Services are pending at Sheelar/Stricklin Mortuary. The family suggests contributions to the Memorial Fund for Cardiac Research at Memorial Hospital.

Week's Wall Street Trend

By GEOFFREY PARKINSON
With Paine, Webber, Jackson & Curtis

Gaining some depth and momentum on the upside, the market has staged a nearly vertical rise from the 831 closing low. How much higher the market can or will rally now appears to be limited to two considerations: (1) the lack of any clear near-term objectives and (2) the increasing resistance expected in the 855-865 area of consolidation.

The rally has been based more on a decline in selling pressure than on any significant pattern of accumulation. The market continued to rally despite the lack of support from the large-block traders. This factor alone would suggest that no more than a contratrend move in response to an oversold condition has developed yet.

THE BIG TRADERS continue to sell on balance. Even during the recent recovery in prices there was more evidence of distribution than accumulation. No sustained rally is expected until this area shows some improvement. Among the stocks under large-scale accumulation that are regarded favorably on a technical basis are: General Time Marathon Oil, Great Western Financial. Among the stocks under large-scale distribution that are regarded unfavorably are: Occidental Petroleum, Gulf & Western, Litton, Union Carbide.

The best performing and most active stock in recent trading has been Benguet. It moved up sharply from a low in 1967 of 2½ to an all-time high of 13⅝ in recent trading. Since the beginning of 1968 the stock has moved up from a low of 8. The recent upthrust was on good price and volume action. However, the rally was not supported by any real base or upside counts. Thus, part profits could be taken until either (1) a period of consilidation indicates higher levels, or (2) a low-volume correction into the 10-11 area indicates another buying opportunity.

Many of the glamors rebounded sharply during the recent recovery by the market. Stocks such as Xerox, Scientific Data, IBM, Burroughs were up over 10 points in a single session. This suggests that the glamors will continue to be the best trading vehicles. However, since most of these issues are downtrend stocks in a downtrend market they can be expected to fall as quickly as they rise. The higher volatility is balanced by a greater vulnerability. Since the performance of these stocks will depend largely on the fluctuations of the market, only short-term trading opportunities for the more nimble traders are expected until a more positive market outlook is evident. Many of the glamor issues, e.g. Raytheon, Scientific Data, IBM, have rallied during recent trading. Now some consolidation or correction would be expected in this area.

ONLY ONE GROUP has been able to rally in face of the current downtrend. That is the gold group, which includes American South African, Homestake, Dome, Campbell Red Lake. There are other groups which have shown relative strength by holding up better than the market. These groups, while they do not look very dynamic at this point, should contain the areas of leadership on any significant reversal of the current downtrend. Among the better acting groups including their strongest component issues are: tire and rubber (Goodyear, Uniroyal), oil refiners (Hess, Ashland), savings and loan (Great Western Financial, First Charter Financial), international oils (Standard Oil of New Jersey, Gulf), trucking (Pacific Intermountain Express, Consolidated Freightways).

One group that appears overly depressed, based on its very strong position prior to this decline, is the auto group. While this area has come under pressure during this decline, the over-all picture remains positive. Chrysler and Ford are expected to rebound on any significant change in the current market downtrend.

NEW YORK (AP) — The stock market steadied last week and mounted its first advance in six weeks.

Wall Street had shown in the previous week that it was beginning to get hardened to unsettling news from Southeast Asia. Last week, with many stocks down at attractively low levels, investment money began to filter back into the market and did so at an increasing rate for the first three days.

Washington's Birthday on Thursday interrupted the rise. On Friday the list tried to continue it in early trading but was dampened by news that the Pentagon had set the April draft call at 47,000, the highest in 18 months. Friday's was the only decline, however, and on average the week was well ahead.

The Dow Jones industrial average advanced 13.46 to 849.80.

The Associated Press average of 60 stocks rose 2.7 to 309.8, its first gain in six weeks.

It was the fifth week of shortened sessions, four hours instead of the usual 5½ on the New York Stock Exchange. As the week ended, prospects were that the abbreviated sessions would continue into March to allow brokerage firms to finish the job of cleaning up their big backlog of paperwork caused by record volume, but there was no official word.

Of 1,609 issues traded during the week, 899 rose and 567 fell.

Volume was 34,039,660 shares compared with 41,077,260 the week before. Both weeks had only four days because of holidays.

Volume was very light—7.28 million shares, the smallest of the five weeks of short sessions —as investors began to stick their toes in the water on Monday. Turnover every day thereafter was below par for the five-week period, so the total for the week was also the smallest.

The light trading represented a very cautious buying movement as selling pressure continued its slackening which was evident in the prior week.

McDonnell Douglas reposnded to news that it had been awarded the huge "airbus" contract to manufacture a new jet liner for American Airlines. Airlines as a group rose on favorable brokerage comment and began to recover from their long sojourn in the stock market cellar.

GARDENING

By JOE LITTLEFIELD

We were delighted to see a Jacaranda tree blooming in December in front of a church at Santiago, a small Mayan Indian village on Lake Atitlan in the highlands of Guatemala. The flowering is earlier there than in California, due to the difference in the changes of seasons there and also because Guatemala is nearer the equator.

Jacarandas in Southern California usually start to bloom in June or July and continue flowering for some weeks. The profusion of two-inch lavender-blue flowers form a striking bouquet.

When we lectured on desert gardening at the College of the Desert beyond Palm Springs in the summer, we were enchanted by a gorgeous Jacaranda tree in full bloom. The color of the blossoms was more intense due to the clear (unsmogged) sunshine and brilliant blue sky.

* * * *

THESE trees withstand cold from around 40 to 30 degrees above zero. The mature tree grows to around 40 feet high and about 25 feet in spread. It is too large for a small, cottage-type home, unless the gardener wisely prunes it annually when it finishes blooming.

Most flowering plants that bloom but once a year are pruned at the time the blossoms are cut for indoor decoration, or when they have finished flowering. Jacaranda is leafless for several months in spring before it begins to bloom.

A young tree may need staking for several years until the trunk strengthens, then the stake is removed.

* * * *

SHOULD your locality be colder in the winter, you'd be wiser to set out a bare-root showy crape myrtle that blooms usually in late July and August. It is a deciduous tree that may be available in four varieties of flowers: shell pink, Queen's crape myrtle, a light lavender and white.

The billows of crinkled flowers of any of the colors provide an eye-catching sight.

The new dwarf bush crape myrtles pleasingly fit a garden landscape where summer color is needed. They are Petite Embers (a rose red), Petite Orchid (an orchid pink), Petite Pinkie (clear pink) and Petite Snow (white).

* * * *

WHILE planting bare-root roses, possibly shade trees, and shrubs, don't forget that your garden needs attention even though it still is winter. Your dichondra lawn should be fed if you didn't do so late last fall. The reason you feed it early in the year is to provide nourishment for the mature dichondra as well as the young, because it is increasingly activating in growth and also requires the feeding to better combat possible fungus infestation later. A dichondra fertilizer that inhibits (kills) the dormant weed seeds before they sprout provides a greener, cleaner dichondra lawn.

You still can set out sun- and shade-loving annuals for later spring colorful blossoms. Gardeners who are overly anxious to have flowers and color quickly should set out the graceful new improved giant-flowered Iceland poppies, also the bright orange and yellow calendulas.

* * * *

SLOWER developers which provide a colorful show in sunny areas are snapdragons; larkspur, with those delphiniumlike blooms; annual scabiosa that have round pincushionlike flowers; pansies and violas; spicily fragrant stocks, and gay color annual phlox.

Color brighteners for the shade garden are annual primroses, forget-me-nots, showy cinerarias, low but attractive pompomlike English daisies and the English primroses.

Watch for those damaging aphids, possible leaf hoppers and white flies. Spray as soon as you discover them, even if there are only a few. Continue to scatter snail bait regularly in ground-cover areas, shade garden, the sunny garden, when young plants are set out where there are lots of dead and dying leaves under shrubs, also at the edging of lawns.

Q. We have a white mold on leaves of two rose bushes. We've used commercial dusting powder, then a spray, but it seems impossible to get rid of this. Is there something you could suggest? Mrs. J. E. Fielding.

A. The white mold is powdery mildew. If the roses have more shade than sun, it would be better to ball them (that is, dig up the roses with soil around the roots) and transplant them to where they get lots of sun and circulation of air. Mix some liquid vitamin B-1 with a hormone in it with water, to cushion the shock of transplanting them, also to stimulate new rot growth. Give them this the first watering after replanting. Repeat weekly for four or five weeks. The roses should be deeply watered, not oftener than once a week if the soil is medium to heavy. For an effective mildew control ask your nurseryman about one of the actidione sprays.

Q. I have a very nice double Poinsettia from which I would like to plant some cuttings. This is in the Belmont Heights area. Please tell me when to cut them back and when to plant them. A. R. Sellek.

A. Prune back about mid-March, even though it still may be blooming. Use the flowers for indoor decoration. Cut the branches back to within two or three buds of last year's pruned-back areas. Cut the woodier portions of the branches (not the soft green tender ones) each about 12 inches long. Base of each cutting should be cut straight across just below a bud (thick swelling). Top cut of the cutting should be just above a bud. Place those cuttings in the shade or in the garage. Four or five days later set them out. The cuttings should be placed three to four buds deep in holes which have been filled with water, several hours before. Don't plant them upside down! The cut end below the bud is the end that goes in. Sprinkle some powder rooting hormone in the bottom of each hole. Set cuttings, fill holes with soil, slowly soak well. Wait five days to a week before watering again. Don't keep the soil too wet. Shade cuttings from sun till buds send forth new growth, then remove the shade and water the plants normally.

WEEK'S TIPS

Systemic sprays save on frequency of spraying vs. the conventional insecticide sprays, because the sprayed plant foliage absorbs the spray which then is carried up and down the plant sap. The systemic lasts about four to six weeks. As such pests as thrips, spider mites, leaf hoppers, aphids and leaf miners absorb the plant juices the spray kills them. Specific rose foods contain a granular-form systemic insecticide.

A pellet-form systemic rose food is more concentrated, hence less amount is used per each rose bush. Neither the liquid nor the granular systemics should ever be used on any food crops of any kind!

40 PERSONALITIES TO TELL WHY THEY TURNED TO CHRIST

Local Pastors Commend I,P-T for Lenten Series on Notables

Long Beach pastors this week commended the Independent, Press-Telegram for the forthcoming publication of the "Lenten Guideposts" series, in which prominent Americans tell their personal story of faith.

Starting Ash Wednesday, Feb. 28, the series will run daily for 40 days of Lent (excluding Sundays), each day presenting a different personality. Among those scheduled to tell their story of coming to Christ are James Stewart, Dennis Day, John Wooden, Kathy Crosby, Bob Pettit, "Captain Kangaroo," Adela Rogers St. John, Helen Hayes and Billy Casper.

Some of the comments by ministers:

FRANK M. KEPNER, First Baptist: The newspaper is to be commended upon this series. All of us are interested in "names" in the news, and it will be encouraging to all readers, not least of all young people, to discover the various paths by which famous personages have come to know the Christ of Easter.

DONALD R. O'CONNOR, First Methodist: I'd like to go on record as saying I am sure the area's Methodist people are deeply grateful to the Independent, Press-Telegram for rendering this service. It can indeed accomplish something worthwhile, and it is my hope it will be well received by persons of all religious persuasions.

PATRICK F. O'CONNOR, St. Cyprian's Roman Catholic Church: Any time attention is turned toward God and religion, it is good, and it is good for a community's newspaper to do this. It should be an inspiration for young people to read these stories by people of prominence.

JAMES R. DEEMER, First United Presbyterian: "It is very refreshing to know that the public media is concerned about, and being responsive to the spiritual needs of the community at this important Holy Season. The selection of personalities involved reaches all age groups.

EDWARD H. SCHROEDER, First Lutheran: I think it is a fine idea. These are individuals I respect, and I am happy to hear they are Christians. Others will be, too. I would hope that their examples might also be a positive influence upon many in the community.

DONALD R. BEHM, All Saints' Episcopal: During the Lenten season all of us look to our own spiritual life . . . sometimes in discouragement we may think our problems are unique. Observing in such a series of articles the reality of religion in other people's lives, and the struggles they themselves have gone through to reach a meaningful religious experience, should be of encouragement to all those who desire to follow the precepts of The Master.

PONDER W. GILLILAND, First Church of the Nazarene: The apostle Paul insisted that when Christ and His ministry was made prominent in any way, nothing but good influence could come out of it. To have such prominent and successful people express positive interest in Christ and His work should have special impact. For myself, as a family man as well as a churchman, I sincerely appreciate the Independent, Press-Telegram in its unceasing emphasis on the spiritual matters that really matter.

WILLIAM J. MIEDEMA, El Dorado Park Community Church: I think it's great! When we can get into print real life experiences of people and the change that comes to them when they invite Christ to be their Lord into print for people to read, that's the best. That tells the story as it really is . . . hitting the thing right where it ought to be, with life experience. People may be put to sleep by sermons, but they don't forget the personal stories.

LEWIS L. WAKELAND, Woodruff United Church of Christ: People who attain popularity do attract attention, so it is a good thing the paper is doing. I would also be interested sometime in the stories of the more average people of Long Beach and how they came to Christ.

DICK LANE, Uptown Church of Christ: It strikes me that with so much comment on the atheistic trend of people in the public eye, this is a good thing, giving prominence to those who believe in God and Christ.

BYRUN M. LEE, Willow Street Church of God: I welcome this series. In these days in which the nation is facing crises, it seems most appropriate that during the Lenten season we turn our thoughts to the Christ through Whose sacrifice wa find the way to redemption.

DON E. LINDBLOM, executive director, Long Beach Area Council of Churches: I certainly welcome this kind of initiative by our local newspaper. The spirit of the church today is best demonstrated through the daily lives of those who are part of Christianity. This is the clearest expression of the will of God, of the Christian manifestation acting through the lives of persons where they live and work.

Conservative Baptists to Meet in Costa Mesa

Delegates from most of the 50 states will assemble Monday in Costa Mesa for the four-day midwinter convention of the Baptist Bible Fellowship.

The fellowship, a non-aligned grouping of 1,834 independent, strongly conservative churches, will meet in First Baptist of Costa Mesa, 301 Magnolia St. Its Pacific arm of 156 churches includes such area churches as Calvary Baptist of Bellflower, Dr. H. Frank Collins, pastor; Central Baptist of Anaheim, headed by Dr. Bob Wells, the one-year-old Bible Baptist of Long Beach, Rev. Don Espinoza; and Olivet Baptist of Lynwood, Dr. James O. Combs.

Others are Torrance Baptist Temple, Bible Baptist of Lakewood, Grace Baptist of Los Alamitos, Downey Baptist Temple and Bethel Baptist of Garden Grove.

Key speakers of large national churches will highlight each session starting Monday with Dr. Bill Dowell of the 3,000-member Jacksonville Baptist Temple in Florida. He was pastor of First Baptist of Lynwood in the 1940s and founder of Downey Baptist Temple. Tuesday's address will be by Dr. Al C. Janney of the 3,500-member New Testament Baptist Church of Miami, now international president of the fellowship. Missionaries from 20 foreign countries will feature Wednesday's meeting, including a colleague of the late Rev. John Birch, killed in China in 1946, whose name has been perpetuated by a national society.

Climactic speaker Thursday night, also at 7:30, will be Dr. G. B. Vick, president of the Baptist Bible College of Springfield, Mo., said to now be the nation's largest Bible college with a present enrollment of 1,341 full time students.

Morning sessions begin at 8:30, with seminars for Christian workers and pastors at 9. There will also be a daily noon address. The public is invited to any of the sessions.

Spurrlows to Top Big Anaheim Rally

Next Saturday, Mar. 2, is the day for the Dave Wilkerson "super rally," featuring the famed Spurrlows and held in Anaheim Convention Center Arena, where 9,000 free seats will be available.

The 31 youthful yet professional-caliber musicians will present a new 1968 production, "Splendor of Sacred Song."

Director Thurlow Spurr, who draws his talent from high schools and colleges across the nation, says: "I realized 10 years ago that in order to say something to the youngsters in high school and college I would have to use music they like."

New this year is a folk singing ensemble accompanied by a 12-piece banjo band, and a comedy change of pace. The message of Dave Wilkerson, author of the best selling "The Cross and the Switchblade," will bring a brief challenge at the end of the program.

THURLOW SPURR
"Music They Like"

SPURRLOWS AT CHURCH

The touring Spurrlows will bring their "music for modern Americans" to Long Beach Wednesday in a 7:30 p.m. concert in First Nazarene Church, 2280 Clark St.

There is no admission charge and free nursery care is provided, the church announces.

Women Spark Prayer Day

World Day of Prayer, observed by Christian women around the globe, will be celebrated here Friday in "cluster groups" in various churches.

Based on the principal that the yearnings for peace, equality and brotherhood are best expressed through prayer — along with practical sharing to those in need — the observance traditionally begins at sunrise on the Tonga Islands in the Pacific and continues around the world for 24 hours.

The service of worship this year was prepared by Mrs. Rathie Selvaratnam of Ceylon on behalf of the women of Asia, and has been slightly revised for local use by Mrs. John Hoepfl, spiritual life chairman of the local arm of Church Women United, the sponsors.

First Methodist Church, at Fifth Street and Pacific Avenue, will be the scene of four one-half hour meditations from 11 a.m. to 1 p.m. for the special benefit of downtown working people. (Men are welcomed at all observances.) Rev. John Judkins of the host church and Dr. Jesse L. Boyd of Grant Chapel AME will lead. A similar series of noon time meditations is slated for Bay Shore Community Church, 5100 The Toledo, with beverages available for those who want to eat their lunch there, and share in the worship.

First Congregational, at Third Street and Cedar Avenue, will host a service starting at 10:45 a.m. for those who find this a more convenient hour. Another 1968 innovation will be an 7:30 evening service in Covenant Presbyterian, Third Street and Atlantic Avenue, with Dr. H. David Burcham bringing a meditation on the day's theme: Bear One Another's Burden (Galatians 6:2.)

Other observances are slated for First Friends at Ninth Street and Atlantic Avenue starting with coffee hour at 9:15 a.m.; First Church of the Brethren, 3332 Magnolia Ave., same program; New Hope Baptist Church, 921 E. 10th St., 10 a.m.; Emmanuel Presbyterian, Sixth Street and Termino Avenue, 10 a.m.; Emmanuel Presbyterian, Sixth Street and Termino Avenue, 10 a.m.; California Heights Methodist, 1160 E. Bixby Road, 10 a.m. coffee hour; Calvary Baptist, Lime Avenue and South Street, Coffee hour 9:30, with nursery care, as well as St. Luke's Evangelical Lutheran at 5633 Wardlow Road and St. Thomas of Canterbury Episcopal at 5306 E. Arbor Road.

Materials will be distributed to many hospitals and nursing homes through a special committee headed by Mrs. Fred Russell. Projects benefiting from the national observance include adult literacy programs in this country, and urgent mission needs abroad.

B.P. Addition

Groundbreaking ceremonies for an educational and social hall additon at Cypress Church of the Nazarene, 5600 Crescent Ave., Buena Park, will take place at the Sunday morning service. The 7400-square-foot facility will provide 18 classrooms.

CONFIDENT LIVING

Think Success— It Can Be Yours

By Norman Vincent Peale

Basic to success is being a decent person and being willing to do some hard work. No one ever got anywhere who did not work at it, and no one will ever be a success who goofs off. A great industrialist said his three rules for success are: 1. Work 2. Work 3. Work.

Work may be number one in importance but there is still more to success than that. A young man once came to me and said he wanted to get somewhere. He seemed irritated by life; implied he was getting a raw deal. "I want to get somewhere and go places," he said dully.

"Where do you want to get and where do you want to go?" I asked. "State your goal."

"Oh, I don't know . . . I'm dissatisifed where I am. I want to get somewhere."

"But where?" I insisted. "Please describe your desired destination." But he could not do so. It was a fuzzy indistinct somewhere.

Trying to get at it another way I asked, "What can you do the best?" To which he replied that he didn't really know . . . guessed he didn't do anything very well.

* * * *

ATTEMPTING another tack I asked, "Well, what do you like to do? What kind of thing would you enjoy doing?" Well, he didn't know that he liked anything particularly.

"Now look," I said. "You want to get somewhere but you don't know where. You don't do anything well and you don't even know what you would like to do. The first thing you better do is sharpen up your goal. Make it specific, not fuzzy. Study yourself or get advice on your probable skills — and do a job on your hopes so you really know where you want to get." He did so and at present is on the way to getting there.

Part of success is thinking positively. If you think success you will activate the world around you positively. If you think failure you will set failure patterns in motion. There is no question about it. It is absolute fact. The way you think goes far toward determining outcomes.

Another aspect is called insight. Seven-eighths of the mind is below conscious levels. Psychologists tell us that in the subconscious are powers positively amazing — more than able to solve any problem. By practicing a looking-within or insight, astute answers come and understanding is obtained through prayer and other forms of depth-thinking.

An example of this is J. Arthur Rank, British film producer. It is said in business conferences Mr. Rank goes into what associates call "the silences." He sits lost in thought, a composite of praying and waiting for guidance. In such "silences" he seems to get the most astonishing illuminations.

When you have a problem do not be impulsive and demand answers immediately. Let it simmer, let it soak, let it mature. Be calm, quiet, put it in the hands of God. If you must have an answer tomorrow morning, at say 11, have no fear. At that hour you will have it. Does this astonish you? Many people of highest intellectual and spiritual credibility could testify to how well this works.

One is a young businessman in New York City. Mornings before work he goes into a downtown church and, as he says, "puts his problems before God." He has had no previous training or understanding in spiritual matters, but apparently when he is up against a blind wall, with no way out — suddenly ideas, impressions and illuminations flash up in his mind and suggest a pathway to guide him. He says, "There is no problem you cannot penetrate if you submit it to the illumination of God."

* * *

ANOTHER element of success is to get your personality released. Why fight yourself? Why fight your own potential? Why resist becoming more than you are? Often it is because one feels comfortable being second-rate. And when you have lived in circumscribed ways you would just rather stay so. It requires effort to grow into upper categories.

Each person must fight failure tendencies in himself — perverse impulses which hold one back and defeat one in business and social relationships. To be a strong purposeful personality you have to recognize the facts about yourself and determine to overcome self-defeating impulses and actions.

Do think success. Know where you want to go. Then get yourself released from yourself and go there. Success can be yours.

BIXBY KNOLLS

Mrs. Rosa Page Welch, concert singer and lecturer, missionary and world "Ambasador of Good Will," will speak Sunday, 10:45 a.m., and present a program of song and inspiration at 7 p.m. in Bixby Knolls Christian Church, 1240 E. Carson St., which is celebrating the conclusion of its successful School of Missions. The versatile Mrs. Welch, who is listed in "Who's Who of American Women," was discussion leader at the world convention of Churches of Christ, did mission work in Nigeria, toured the world on behalf of United Church Women, Disciples of Christ and Presbyterian Church USA, and was awarded the Distinguished Service medal by the National Conference of Christians and Jews.

S. Baptists Gain

NASHVILLE, Tenn. (AP) — Church membership in the Southern Baptist Convention, the nation's largest Protestant denomination, passed 11 million during 1967. There are 34,147 Southern Baptist churches throughout the nation.

Discovery
A word, a phrase, or a familiar Bible verse suddenly becomes alive and is deeply felt. You take a step towards a greater love and understanding than you've ever known before. You glimpse the all-encompassing presence of God. It's the kind of spiritual discovery that takes place for many at a Christian Science church service. You are always welcome.

FROM THE PULPIT

Good for Norman Vincent Peale! Actually I never thought I would say it. Dr Peale says more about many things and the least about the Atonement and how to get in touch with God than any minister I have ever known. He is a good psychologist but knows or says nothing about the Gospel of Christ.

But he did say something about Dr. Spock that needed to be said. These unruly, riot-bent, beatnik, unwashed, uncouth, uncivilized youngsters that are causing problems in the homes, the communities, the colleges and the world. Whose children are they? They are the children of Dr. Spock's book on how to raise children. And furthermore, Dr. Spock is proud of them, and says that he considers them to be a great contribution to the world.

It takes an artist to paint a picture. Any idiot can spoil it. It takes men of courage and character to take young people and try to help mold and shape their lives. Any fool can encourage lawlessness, teach violence, and mar the picture of society. Destruction is always more swift than construction. Decay can take place in days in a life that is a product of years of healthy growth.

Dr. Peale may fall short in preaching Christ as the only way to God and peace with God only through Christ, but one Peale is to be desired above ten thousand Spocks.

Come to Calvary, Calvary is for you!

BRIEFLY . . .

East Side's Big 19, Teen Burgers, Notes on Council Meet . . . Eartha

By LES RODNEY

Would you believe 19 — count them — 19 East Side congregations cooperating on a four-page brochure which will be distributed by laymen through the neighborhood Sunday to the tune of 30,000 copies? You better believe it!

The attractive and dignified brochure is simply intended to acquaint residents with the opportunities to worship God in a church of their choice. After the church listings, the back page, under the heading "Think On These Things," quotes from Psalms 100:1-3 (Make joyful noise to the Lord, all the land, service the Lord with gladness, Come into His presence with singing . . . Know that the Lord is God. It is He that made us, and we are His: We are the people, and the sheep of His pasture.) Also pertinent quotes about the art of worship and what it does to help a person, and Woodrow Wilson's: "The sum of the whole matter is this: Our civilization cannot survive physically unless it is redeemed spiritually."

This kind of imaginative yet practical cooperation is so newsworthy that we can do no less than list the 19 participants, alphabetically by denomination, as in the brochure: Immanuel Baptist, St. Bartholomew and St. Matthew Roman Catholic, East Side Christian, The Congregational Church, All Saints' Episcopal, Evangelical United Brethren, Four Square Gospel, Temples Israel and Sinai, Gloria Dei and Our Saviour's Lutheran, Belmont Heights, East Long Beach, Grace and Latin American Methodist, Emmanuel and Geneva United Presbyterian and Bay Shore Community (United Church of Christ.)

And that big word ecumenical never appears in the brochure. They DO it, instead!

SORRY ABOUT this, hamburger stand owners, but if you have to lose some business, you can't beat losing it this way. Teen-age members of Assembly of God churches, 108,000 of them, gave up an average of 10 visits each to the burger joints and contributed an average of $7.10 each to a fund helping out overseas missionaires — with vehicles and other equipment. An enterprising PR man for the always-lively Pentacostal denomination determined, by field research, that the $7.10 represented 10 hamburgers, 2 fish sandwiches, a cheeseburger, a doubleburger, 10 orders of French fries, five slices of pie, five shakes and four soft drinks.

SPENT WEDNESDAY taking in one day of the policy-making convention of the National Council of Churches General Board in San Diego. Due to press of space and time — an unusually heavy week for incoming material — we'll have to touch on some of the wide-ranging programs, discussions et al another time.

Just to sneak in the mention here that at a most interesting ecumenical luncheon, Long Beachers Rev. Don Lindblom and Mrs. Raymond Sites, executive secretary and president of the local Council, and Dr. Jesse Boyd of Grant AME Church were impressed as was everyone, by an impassioned off-the-cuff plea by the National Council president, Arthur S. Flemming, on the crisis in the cities and alarming talk of the "inevitability" of riots. His theme — Christians have an unparalleled opportunity for service to the nation in the coming weeks and months, through communication, education and love. Dr. Flemming, who is also president of the University of Oregon, was Secretary of Health, Education and Welfare under President Eisenhower and is a forceful personality indeed.

One more quickie — you will probably be happy to hear that the Council is throwing its not inconsequential weight against the proposed penalizing of the average American for traveling abroad — among other good reasons for the harm it will do to the visits of Christian groups and individuals to other lands.

* * * *

IN MENTION of flood of incoming material this week, did not mean to sound negative. Keep it coming — if it is not just an inner-church matter, but of community interest. But please understand that when a picture is sent along, on a very busy week it may have to be first come, first served.

DAVE LEVY, assistant football coach at USC, who before that led Poly High to a 28-1 record with two CIF titles in his three years there, will be guest speaker at the Methodist Athletic Assn. banquet next Saturday, March 2, at 6:30 p.m. in Lakewood Community Methodist, 4300 Bellflower Blvd. Trophies will be awarded by Rev. Irwin Trotter, district supervisor and reservations are requested. Slogan of the 10-year-old league, with 13 members, is "Christian Devotion Through Athletics." The lively group, one of the Southland's best organized and most spirited, doesn't forget the girls, either, including both boys and girls volleyball (all ages), junior, senior high and Wesley-adult basketball.

NOW WHO would you suppose would stick his neck out against the overwhelming condemnation of singer Eartha Kitt for her critical comments at a White House conference, and say "Three cheers for Eartha Kitt."

A Southern Baptist editor, that's who!

"May her tribe increase when convictions need to be stated with courage," wrote editor Jack L. Gritz of the Baptist Messenger, official publication of the Baptist General Convention of Oklahoma.

"This does not mean we fully agree with Miss Kitt's statement," he added. "But she stated what she thinks on an important subject with conviction and feeling. Under the circumstances, it took courage to do so."

The editor had kind words for Mrs. Johnson too, feeling she handled the matter graciously. But he said the incident raises some perplexing questions.

"What should a person do when he or she is invited to a home to discuss a serious subject? Should the individual sip his coffee quietly, smile pleasantly at the hostess and nod his head in agreement with whatever is being said? Or should the individual state his convictions and express his feelings concerning the subject under discussion?"

He asked whether the President's wife and her advisors really wanted a conference to discuss the problems of juvenile delinquency . . . "Or did they just want some well-known names to lend prestige to their prepared recommendations?"

And he disputed the charge that Miss Kitt had been ill mannered. "We have yet to hear anyone explain that. She may have been unpleasant; but ill-mannered, no! Juvenile delinquency is unpleasant. The war in Vietnam in unpleasant. The frustration of uncommitted youth in modern society is unpleasant . . ."

He concluded by saying, "The people we are worried about are those who seem to think politeness should take precedence over conviction."

Well! Any comments? Pro? Con? Let 'em fly.

Presbyterians to Hear Noted Concert Singer

Climaxing an exchange of ministers between First United Presbyterian and Covenant Presbyterian Churches Sunday, concert star George Matthews will present a concert jointly sponsored by both churches at 7:30 p.m. in First Church, Fifth Street and Atlantic Avenue.

Son of a North Carolina principal, Matthews studied at the Detroit Institute of Musical Art and Eastman School of Music, toured as soloist with the renowned Fisk University Singers, won first prize at the National Auditions in Chicago, and plans were being made for his Town Hall debut in New York, when he decided to use his talents for the advancement of Christianity.

He has since presented his sermon in song in churches coast to coast, college chapels and Christian conferences.

Following the morning exchange of pulpits between Rev. James R. Deemer of First Church, and Rev. H. David Burcham of Covenant, members of both congregations will gather for a fellowship luncheon at Covenant.

'U.S. OTTAVIANI'

Conservative Is Demoted

By LOUIS CASSELS
United Press International

There was rejoicing among liberal American Catholics this week over a brief announcement from the Vatican. It said Pope Paul VI had appointed the Most Rev. Paul F. Tanner as bishop of the Catholic Diocese of St. Augustine, Fla.

Bishop Tanner, 63, had previously been general secretary of the National conference of Catholic Bishops and of the U.S. Catholic Conference — one of the most powerful posts in the American church.

During his 10-year tenure in this strategic post, he came into frequent conflict with Catholic progressives pushing for rapid implementation of Vatican Council reforms. In some quarters, he was referred to privately as "America's Ottaviani."

His successor as chief administrative officer of the U.S. hierarchy will be named later by the National Conference of Catholic Bishops. Archbishop John F. Dearden of Detroit, a strong advocate of church renewal, is president of the conference.

COMBINED MUSICALE

An ecumenical songfest will wind up Los Altos Methodist Church's "Mission in Understanding" program Sunday, 7:30 p.m. with the choirs of three churches that have participated, plus Temple Beth David of Los Alamitos, in a program.

'DEEPER LIFE'
Rev. Charles J. Hardin, president of United Evangelical Churches Inc., former major in the Marines and chaplain for the Civil Air Patrol, will speak on his deeper life experiences with the glossolalia phenomenom Sunday, 11 a.m. and 7 p.m. in Calvary Temple, 3749 E. Wilton St.

C.S. LECTURE
Harry S. Smith will present a lecture next Saturday, March 2, at 10 a.m. in the McGaugh School auditorium, Seal Beach, under auspices of the local Christian Science Society. Admission is free.

LET'S DISCUSS THE FACTS!
Calm discussion of final arrangements far ahead of need is better by far than the frequent alternative of distressing decision . . . preventing financial concern — confusion — emotional strain — intrusion of privacy — and even unnecessary expense. Never force your family to decide tomorrow what you can determine today.

'Dragnet' Refreshes, Simply

By GEORGE ERES
TV-Radio Editor

One of the good things about "Ironside," the Raymond Burr vehicle, is that it leads into "Dragnet," which is a straightforward procedural detective yarn.

Jack Webb's "Dragnet" doesn't clutter itself up with a lot of extraneous material; in fact it is sometimes madeningly underplayed. And sometimes the results are amazingly interesting.

"The Thursday night piece, for example.

"DO YOU realize," said my wife, who guides me in my TV experiences, "that there were only three people in one room talking for the entire show?"

That's exactly what it was — just a one-set "talk" show that lasted half an hour.

But something was "happening." The action was taking the viewer all over the city, off Catalina, into the desert, a murder and the operation of an extortion racket.

Just three people were in the show: Harry Morgan, John Sebastian and Webb. Morgan never got out of his chair; Sebastian, after he came on, sat down and never got up; Webb stood in one spot for almost the entire show and the only action was when Webb pushed a button to set a recorder going or tossed some papers across the desk.

IT JUST goes to show that you really don't need an expensive number of sets and lots of moving around that passes for "action" — the viewer will somehow conjure up all these things for himself if the people who are telling the story know what they're doing. Webb certainly scored here.

Earl Slack, genial owner of Sileo's, tells of the 5-year-old boy who was continually in his mother's way, so she sent him down the street where they were building 75 apartments.

When he returned, his father asked him what he'd learned and the tyke climbed to the top of his dad's do-it-yourself project—(a room addition), and dropped a string with a stone attached to it alongside the wall "See, Pop," said the kid, "you're about 2x%!*† inches out of plumb on this wall!"

Horrified, his dad said, "For that bad language, you get to bed right now with no supper —and by the way—put that electric train of yours away for the summer!!"

When the lad said he couldn't do that, his father rasped, "And why not?" whereupon the bright lad answered.

"Well, dad, **I don't dare move that transformer without a permit from the Building Inspector!!!**"

Jerry Limps as Lakers Win

By DOUG IVES

Jerry West suffered an injury he didn't consider an injury Friday night and the Lakers continued their late-season charge with a 131-115 victory over the Cincinnati Royals, who struggled valiantly but ineffectively without Oscar Robertson.

West pulled a groin muscle late in the game, and while it gave 15,217 Forum fans some fretful moments, Jerry shook it off as no worse than a hangnail. It appears that anything less than a broken bone doesn't unnerve him anymore.

"I wouldn't even rate this injury in my top 10," laughed the all-pro guard, who has had 15 different injuries in his eight years as a pro. "Frankly, I wouldn't even classify this as an injury at all."

Nonetheless, Dr. Robert Kerlan says West must rest two days and then be examined before he decides if Jerry can play in San Diego Sunday night. If he is scratched, it will be the 19th game he has missed this season and 81st in his career.

The misfortune came with only six minutes left and West already had rung in 29 points, marking the seventh consecutive game he has led the Lakers in scoring. In a streak which has seen the Lakers have won 17 of 22 games, West has shot torrid 57 per cent and averaged 33 points a game.

While Laker life without West is not too pleasant, Cincinnati has found playing without Robertson downright miserable.

"He hasn't been 100 per cent since our first trip West in November," moaned coach Ed Jucker, whose team is trying to hang onto fourth place and a playoff berth in the Eastern Division. "Needless to say, we struggle without him."

The injury this time is a pulled hamstring in his right leg and even Oscar is not certain when he'll play again. He hopes he will be okay when the Royals return the Forum Tuesday night.

Asked if his days as a 48-minute player are over, due to the chronic injuries which has seen him miss all or part of 30 games, Oscar replied, "I've just been unlucky. I don't mind playing 48."

The Lakers were anything but sharp, and coach Bill van Breda Kolff credited the lacklustre effort to Robertson's absence.

"We let down when we found out Oscar was out," he maintained. "I wish he would have played. We

INDOOR RECORD

Fast Women Top Show at Oakland

Combined News Services

OAKLAND — A fleet quartet of girls from the Los Angeles Mercurettes set an indoor record of 1:45.1 in the 880-yard sprint medley relay Friday night at the National AAU indoor track and field championships, stealing the show from some of America's more glamorous competitors.

The foursome of Jervis Scott, Pernetta Glenn, Dee Debusk and Barbara Ferrell clipped 1.5 seconds off the old world indoor mark set a year ago by Tennessee State.

The Tennessee girls were second this time in 1:45.8.

The record performance took some of the glitter off a pair of sparkling achievements by Billy Gaines and Miss Ferrell in the men's and women's 60-yard dashes and an AAU record-matching pole vault of 17¾ by Dennis Phillips of Oregon state.

Gaines got up in the final strides to beat Mel Pender and John Carlos in a photo finish as all three clocked 6 seconds flat.

Russia's Valentin Gavrilov beat Steve Kelly and Ed Caruthers to win the men's high jump at 7-1. Kelly and Caruthers cleared seven feet each.

Gaines, 19-year-old high school speedster, won the 60, then was ordered home with a 102-degree fever.

It was his third consecutive national championship.

Gaines said he presumably picked up the flu a week ago in Russia, where he won a 50-yard dash in 5.4. He came here Thursday against his doctor's advice.

Earlier, Bob Seagren of Southern California, who holds the world indoor pole vault record at 17 feet, 1¼ inches, severely bruised his side when his pole broke during a practice vault.

Despite pain, Seagren declined to see a doctor and remained in the meet. However, after passing until the bar reached 16-6, he failed three times at that height and was eliminated.

A total of 11 titles were decided Friday in the first half of the two-day show. Fifteen more will be decided tonight.

The long jump title was retained by Bob Beamon at 26-11 1-2. Russia's Tonu Lepik was second at 25-11 3-4. Ralph Boston, for the first time in his long career, fouled on all three preliminary jumps and was disqualified.

Ron Laird of the New York AC took the men's mile walk in 6:16.9 as Don Denoon, who holds the world record at 6:10.2, finished fourth in 6:26.2.

Sailors Compete in 96 Classes Today

By DONNELL CULPEPPER

The 39th annual renewal of the Midwinter Regatta got off to a spanking start Friday with all ocean racing classes participating in the first events out of the Los Angeles Yacht Club on Terminal Island.

There was a fairly brisk wind for most of the afternoon and all races were run with only a few protests.

The course started inside Los Angeles Harbor, with the boats rounding two buoys inside the harbor, then tacking through Angels Gate and westward to the Palos Verdes Cliffs, then back around two buoys and into Long Beach Harbor and then to the finish line.

There were 22 classes of boats — all ocean racing craft — as compared to the 96 classes that will be racing today and Sunday outside the breakwaters, inside, off Cabrillo Beach and in Alamitos Bay. There were no inside classes on the first day.

The U.S. Weather Bureau predicted clear skies for today, with increasing overcast tonight and Sunday morning.

Outstanding race of Friday was the bow-and-bow Cal-32 event. Six ships participated and they came around the turn of the Long Beach East Gap so close together that it looked as though all would pile on the rocks. One actually did hit

PLAY VALLEY STATE TONIGHT

49ers Fall Off CCAA Pace

By JIM McCORMACK

Cal State L.A., getting 33 free throws in the second half, shot Cal State Long Beach out of the CCAA lead Friday night with a 96-86 victory.

The defeat was the first in league for the 49ers on Friday night and dropped their overall conference record to 8-4 and their season credential to 12-11.

Long Beach dropped out of at least part of the CCAA lead for the first time this season when San Diego State defeated Valley State, 94-69, in another CCAA game Friday.

The 49ers had shared first place for nine weeks and had won six consecutive Friday night contests.

L.A. State, which moved into a tie for second with the 49ers, gets a crack at a share of the conference lead today. The Diablos host San Diego in a game that will be shown locally over KNBC (4) at 1:30.

If the Aztecs defeat L.A. they will guarantee themselves at least a tie for their second successive conference title.

Depending on the outcome of today's San Diego-L.A. game, Long Beach could have a very important contest on its hands tonight when it travels to San Fernando for a game with Valley State.

Long Beach looked as though it was on its way to beating L.A. for only the ninth time in the 28-game series between the schools, leading at halftime, 44-39.

The Diablos, however, remained on Long Beach's tail through the first 14 minutes of the final session before whistling to the lead for good.

L.A. State stayed on top through the final six minutes by banging in 14 of 21 free throws. Long Beach slowly slipped further and further behind as the 49ers were awarded only six charity tosses. They made three.

As was the case the first time the teams met, Charlie Thomas hurt the visitors the most, although he had able assistance from guards Jimmy Reed and Don Terpstra.

After Carey Smith had scored 13 points to keep the Diablos close in the first 20 minutes, Thomas, Terpstra and Reed started cutting up the 49ers.

Thomas was strapped with four fouls for the 16 minutes of the second half but still touched the Long Beach defense for 20 of his game high 23 points.

Vikings Settle for 2nd in 85-82 Loss to Valley

By DAVE DANIEL

Long Beach City College, although fighting to the end, dropped an 85-82 decision to Los Angeles Valley College Friday night to conclude its 1968 basketball season.

The Vikings wound up with a 10-4 Metropolitan Conference record, good for second place behind Cerritos College, and a 22-5 overall mark.

The Vikings, led by Shawn Johnson's 27 points, played one of their better games but ran into a fired-up Monarch squad that would not give up.

Richard Reid, one of the top scorers in the conference, put on a shooting exhibition for his home court fans and ended the night with 28 points.

The game got off to a slow start and the first field goal wasn't on the board until LBCC's Rick Wilson put it in at 17:20. The 6-6 freshman finished with 17 points, his high for the year.

Ken Booker and Gary Zeller added 14 points each and Valley's Al Shumate got 17 while Guy Dimonte and Morris Thomas got 14 and 12 in other double figure performances.

After nearly six minutes of play the score was only 8-6 LBCC, and it took a flurry by both teams to teach 36-35 Viking halftime lead.

In the second half, Valley went ahead at 44-43 with 17:02 to play and then ran up an 11-point lead at 78-67 with just 4:17 to play.

The Vikings, led by Johnson, who got eight of the final nine points in the last three minutes, fought back only to lose by the final score as time ran out.

The win was Valley's first in almost five years over LBCC. The Monarchs finished fifth with a 9-5 record.

SCALES NOT IN RICK'S FAVOR

HOLTVILLE — The season is six weeks away, but Rick Reichardt is already making his weight felt.

The $200,000 bonus baby reported at 227 pounds and because of it he faces an $850 fine, which was his own idea.

REICHARDT

Manager Bill Rigney: "Rick came to me late last year and said he was having problems with his weight. He said he needed an incentive for next spring.

"He suggested that I fine him $50 for every pound over 210 when he reports. I said it was a great idea and I also promised him that if he did weigh 210, I would buy him a $200 suit.

"Well, today he weighed in at 227 and that comes to $850. I hate taking his money, but it was his idea."

REICHARDT, WHO LOOKS excellent with the added weight, offered no excuses except to say that his mother is a wonderful cook. Rigney said he will give Reichardt one week of grace.

"It's hot here and he's bound to lose it fast," said Rigney. "We won't have the final weigh-in until we reach Palm Springs."

Saints Co-Champs in Catholic

By KEN PIVERNETZ

Though they weren't aware of it at the time, St. Anthony's Saints wound up as Catholic League co-champions Friday night.

While the Saints were holding off rival Pius X, 43-40, third-place Mt. Carmel knocked off league-leading

Notre Dame, 93-91, to enable the Saints to sneak back into a first place with Notre Dame.

Both teams wound up league play with 9-3 records while Mt. Carmel finished a game back at 8-4.

The Saint-Pius game was a typical grudge battle between the two rivals that had a little bit of everything and then some.

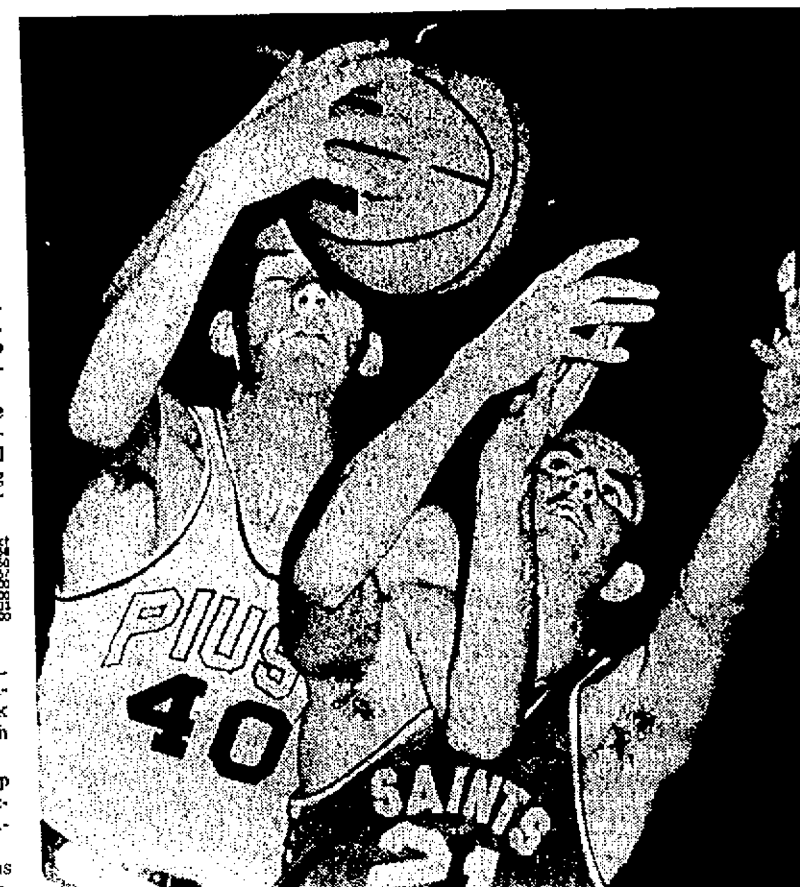

St. Anthony was nursing a 43-40 lead with less than five seconds to go when Pius' Gary Addeo tossed in a short bank shot that was allowed by one official and disallowed by the other.

This set the stage for the season's biggest verbal battle that eventually involved everyone in the gym at one time or another before finally being settled about five minutes later.

It was ruled a foul and no basket and the Warriors' chance at a possible three-point play that could have tied the game was nullified. Addeo, however, missed his free throws and the Saints left the floor happy.

BOARDING HOUSE REACH
This is one time when Bob Keller's boarding house reach paid off for two points. The Pius X forward outfought St. Anthony's all-City guard Tom Motley for rebound and scored basket, but Saints clinched second place in the Catholic League with 43-40 victory.

DOUGLASS, OGDEN LEAD
Tucson Shootin' Irons Hot

Combined News Services

TUCSON, Ariz. — Dale Douglass and Bill Ogden, a pair of seasoned golf professionals who seldom finish high on the money list, tied for first place Friday after two rounds of the 72-hole, $100,000 Tucson Open with 36-hole scores of 135, nine under par.

Douglass, 31, from Denver, Colo., shot the most spectacular golf of the day, turning in a nine-under-par 63.

Ogden, 41, who plays out of this course during the winter months, had rounds of 69-66.

Grouped one stroke behind the leaders, each with an eight-under-par 36, were first-round leader Jerry McGee, Harold Henning, and Jack Montgomery.

"This is the best round I ever played," said Douglass. "I'm sure of that."

Douglass recorded nine birdies in humbling the 7,200-yard, par-72 course.

Ogden, a winter tour regular since 1947, also was placing his approach shots within striking distance, holding out four birdies of eight feet or less.

He scored an eagle-3 on the 530-yard 11th hole when he reached the green with a 4-wood and sank a six-inch putt.

Defending champion Arnold Palmer shot a three-under 34-35—69 Friday for a 36-hole total of 143, good enough to make the second-round cutoff.

Palmer continued for the second day to have trouble from tee to green. He sprayed his drives and three-putted two holes for bogeys.

Wilt Has 25,000th Point, 76ers Roll

Combined News Services

Wilt Chamberlain scored his 25,000th career point among 31 Friday night as the 7-foot-1 center led the Philadelphia 76ers to a 138-117 National Basketball Assn. victory over the Detroit Pistons.

Chamberlain, who already is the greatest scorer in the history of pro basketball and sets a record every time he scores, reached his latest milestone with a free throw with 1:52 remaining in the first half. He now has 25,022 points.

An enraged Zelmo Beaty scored 31 points, pulling the St. Louis Hawks to a 118-110 victory over the Baltimore Bullets.

The high-scoring Hawk center turned red-hot after trading punches with Baltimore's Ray Scott.

The San Francisco Warriors put on a spectacular fourth-quarter rally to defeat the Boston Celtics, 127-122. The Warriors won the see-saw battle with eight points in the final two minutes, four of them by Jeff Mullins.

Walt Hazzard and Bob Rule scored 28 points in the fourth quarter to lead the Seattle Supersonics to a 127-111 victory over the San Diego Rockets.

RECORD IN POLE VAULT
Vikings Run Off With ELA Relays

Long Beach City College set a record and won a meet Friday at the East Los Angeles Relays.

The Vikings compiled 72 points despite capturing only one first place and easily outdistanced runner-up Bakersfield, which had 64 points.

Coach Joe Lanning's team broke a combined school record in the pole vault, hurdling to a height of 40-6 for three jumps. The old record was 40-0 set last year at the same meet.

Freshman Steve Crane from Whittier rang up a 1:53.0 half-mile in anchoring the third-place two-mile relay team and topped the performance with a 49.9 quarter-mile clocking in the mile relay.

440 Relay — East L.A. 42.2, Bakersfield, 42.6; LBCC (Gipson, Donati, Thomas, Didur) 42.7.

2-Mile Relay — El Camino, 7:47.9 (record); Cerritos, 7:47.9; LBCC (Alpizar, Space, Asherin, Crane) 7:55.6.

Stanford 'Trims' Cal in Overtime

Combined News Services

Oregon State discovered Friday what it's like to get scalped — and they learned it from one of the proven experts in the field, the Stanford Indians.

The Indians, down by as much as 15 points, scored a 70-67 overtime win as guard Don Griffin made good on a three-point play with 1:10 remaining in the overtime period.

Leading 61-50 with 3:14 remaining in the game, Oregon St. lost its poise and the 11-point cushion on field goals by Chuck Moore, the ex-Poly star, Griffin and Art Harris.

With 24 seconds to play, Oregon State guard Mike Markham missed two free throws that would have put the Beavers ahead by four. Then Stanford center Mal McElwain scored on a follow-up shot with three seconds remaining to make it 63-all and throw the game into overtime.

Russ Critchfield scored 26 points, 18 in the second half to lead California to a 76-64 victory over Pacific Eight cellar occupant Oregon.

Regan Balks at $5,000 Cut So Will Not Report

Combined News Services

Relief pitcher Phil Regan says he won't report to the Dodgers at spring training until his salary dispute is settled.

REGAN

Regan, who plans to remain at his home in Grand Rapids, Mich., said: "I don't like to miss spring training, but the club has sent me four or five contracts and I have sent them all back."

Regan received $36,000 last year after posting a 9-1 record in 1966. He said the Dodgers wanted to cut his pay $5,000 following his 6-9 record last season. "I just don't feel I pitched as badly as I have been cut."

Carl Yastrzemski, the American League's 1967 triple crown winner, checked into the Boston training camp as an early arrival Friday and immediately predicted another pennant for the Red Sox. "I think we will win the pennant again because of our pride. I have never seen a team with as much pride in itself as the Red Sox." . . . Catcher **Dave Adlesh**, former Long Beach prep star, remained unsigned with Houston . . . Pitcher **Jose Santiago** signed to bring all of the Red Sox batterymen into the fold. The only unsigned players now are outfielders **Reggie Smith** and **Jose Tartabull**.

Other signings: Cincinnati — Pitchers **Gary Nolan, Gerry Arrigo, Milt Pappas**, catcher **Jim Schaffer**, outfielder **Alex Johnson**; Atlanta — Catcher **Joe Torre**. Pitchers **Ken Johnson, Skip Guinn**; Washington — Outfielder **Hank Allen**.

Manager **Gil Hodges** of the Mets said he would platoon catchers **Jerry Grote** and **J. C. Martin** this season and go with a five-man pitching rotation. Hodges said he thought the Mets pitchers were too young for the most part to work every four days.

didn't have that sharp edge we've enjoyed lately, although the bench played well."

The subs did, indeed, play well. Cincy took a 34-26 first-period lead, but reserved Fred (Instant Action) Crawford, Mel Counts and Erwin Mueller teamed with West and Elgin Baylor to spark the Lakers to a 64-57 halftime lead.

Little Adrian Smith tried to keep the Royals in contention with a 12-point third period, but the Lakers still stretched their advantage to 11 points and won going away. Smith finished with 26 points and Connie Dierking had 24, plus 20 rebounds.

Archie Clark, free of his slump, followed West with 26 points and Connie Dierking had 24, plus 20 rebounds.

Archie Clark, free of his slump, followed West with 26 points and Baylor had 25. Crawford netted 13 in only 16 minutes, Mueller made 4 of 6 shots and Counts pulled down 14 rebounds.

The victory was a vital one as San Francisco dumped Boston in the Bay Area Friday evening. The Lakers are still in second place, one-half ahead of the Warriors and seven behind St. Louis, which also won Friday.

UCLA, USC Open Tough Northwest Swing Today

By LOEL SCHRADER

Whether the Pacific Eight basketball championship will remain undecided until UCLA and USC clash March 9 at the L.A. Sports Arena probably will be decided when the Bruins and Trojans open a Northwest swing today.

The Trojans (8-1) are at Pullman for a crucial clash with Washington State today in a 2:30 p.m. televised game (Channel 5). The Bruins (9-0) wait until nightfall when they meet Washington at Seattle.

UCLA and USC reverse opponents and sites for Monday evening games.

USC probably needs a sweep of the Saturday-Monday games to stay in the running for the Pacific Eight championship. If the Trojans stumble once and the Bruins win both games, it's likely that the March 9 game will mean nothing.

The only obstacles remaining for the Trojans and Bruins after this weekend are March 1 and 2 home games against California and Stanford. Neither is figured to give the front-runners much of a tussle.

The toughest tests for UCLA and USC probably will come at Pullman where the Cougars are nearly unbeatable. They have lost only one home game all season, that an early season decision to Nebraska.

Last year, the Cougars led the Bruins late in the game, but finally succumbed, 76-67.

USC is in top physical condition for the weekend swing, but UCLA coach John Wooden still is concerned about the right hand of star center Lew Alcindor, who sustained a sprained middle finger last week.

"I hope the finger will be completely healed," said Wooden. "We'll need everything we have for these games."

Wooden said he again plans to use Jim Nielsen, Bill Sweek and Kenny Heitz in early relief roles. This "deep three" did much last week to pump life into the Bruins.

GREAT CHASE BEGINS

Poly High's Willie Norwood must have felt like the Fugitive when he wandered off first base a trifle early. During course of rundown, five players had a hand in recording putout. Pickoff went catcher-second-first-short-second-center. Play must have taken steam out of Saints, who lost 13-2.

Lakewood, Poly Pack Big Punch

Scoring in every inning, Poly High opened its baseball season with a resounding 13-2 victory over St. Anthony Friday at Blair Field.

Starting pitcher Jim George struck out eight Saints in three innings, while shortstop Roland Houston collected three hits for the winners.

Lakewood was equally successful in its debut when Eric Shiffer hit two opposite-field home runs, each with a man aboard, to trigger the Lancers' 10-3 win over Lynwood.

Dave Salg, the second of three Lakewood pitchers, was credited with the victory. Mike Blair collected three hits for the losers.

Outfielder Dan Smith's home run in the fifth inning provided a cushion run for Gene Kerr as Montebello defeated Downey, 3-1.

L.B. MASTERS GOLF PLAY OPENS TODAY

Champions from nine clubs, the largest field ever, will begin play today in the 12th annual Long Beach Masters, a 72-hole, two-weekend tournament that ranks as one of the highlights in this city's golf calendar.

Rounds will be played today at the Naval Base in Los Alamitos, Sunday at Recreation Park, next Saturday at Skylinks and the final 18 holes, March 3, at Meadowlark. The public is invited, with tee-off time starting at 10 a.m.

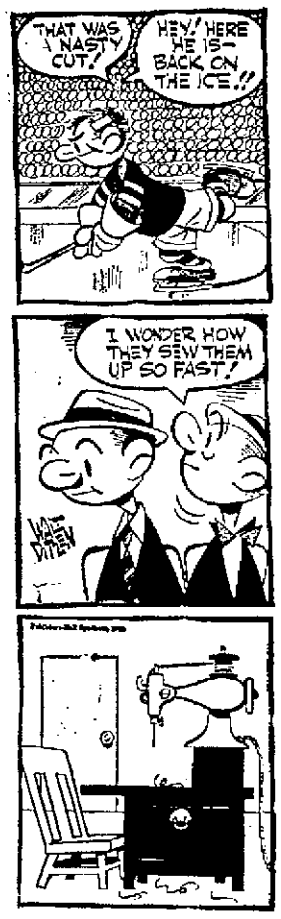

The field, in order of their tee-off, consists of Len Young, Recreation; Hank Gowdy, Naval Base; John Richardson, Lakewood; Craig Olson, Meadowlark; Jim Ferrie, Virginia; Oscar Cowart, El Dorado; Dave Kim, Skylinks; Ed Donahue, Los Alamitos; and Dave Becker, Old Ranch.

★ ★ ★

RICHARDSON AND FERRIE, former winners, are co-favorites. Gowdy was runnerup in 1967 to Del Walker, who lost his club title this year to Ferrie, who won the first Masters in 1957 with a score that has not been bettered, 287.

The Naval Base course, a par-72, 6,621-yard layout, may be reached only by taking Valley View to Orangewood, which is flanked on the north by Katella and the south by Chapman. A sign marks the entrance.

CHICAGO GAME SOLD OUT

King Forum Legion Faces Hull, Mikita and Company

By RICH ROBERTS

The Black Hawks are coming, not the Russians, but the Kings would do better against the latter.

So say Bobby Hull and Stan Mikita, who lead the Chicagoans into the Forum at 8 tonight.

MIKITA

The game is a sellout, but don't despair. You can always come back Sunday at 7 and see the St. Louis Blues, who sometimes play Chicago-style.

Hull and Mikita, who share a runaway lead for the National Hockey League scoring title with 70 points each, were not too impressed by Russia's Olympic hockey victory.

Hull, who scored his 41st goal in Wednesday's 1-0 win at Oakland, cited the difference in rules.

"We've got guys in our league who would be stars if they weren't getting hit in their own end."

Mikita knows personally of the Czechs, who dealt the Russians their only loss at Grenoble. Stan visited his homeland last summer.

"When I was there I hadn't been on ice for about three months, so I wasn't in any kind of shape at all. But when I scrimmaged with them I had no trouble keeping up, and they're playing 11 months a year, so they should be in top condition."

Hull admits he is playing differently this season, although the results appear to be the same. He was quoted as criticizing the Hawks' trade of Phil Esposito and Fred Stanfield to Boston for Pit Martin. Esposito's counterpart at center.

"I didn't really criticize it," the blond bomber said. "I just said I didn't understand it."

Esposito is fourth and Stanfield 10th in NHL scoring. Martin is 33rd.

"When I was playing with Phil," Hull explained, "I'd just take off and when I wanted the puck it would be there. But Pit plays a different style. Now I have to wait, and just sort of move up and down my side. I've learned to play a new way."

BLUE LINES: Winger **Brian Smith** hopes to be back in uniform for the Kings tonight, testing his separated shoulder . . . Oakland, pushing dollar tickets on a special promotion, had to turn away 1,400 people for the Chicago game Wednesday — but didn't refund their dollar parking fee . . . Mikita and captain **Pierre Pilote** are wearing helmets since the **Bill Masterton** tragedy, but Hull still is looking for something better than what's available . . . There will be free public skating after Sunday's game. Each person must have his own skates . . . The Kings stand 9-10-0 against East Division clubs and 1-2 with the Black Hawks . . . Mikita will be after his 250th NHL goal tonight. Doug Mohns has 169.

HANEY CAPITULATES

Fregosi Receives Record $65,000

By ROSS NEWHAN
Staff Writer

HOLTVILLE — What was anticipated as the longest holdout in Angel history ended Friday five days before it was scheduled to begin.

Since baseball law stipulates that a player is not officially a holdout until March 1, Jim Fregosi beat the deadline with ease when he signed for $65,000, a club record.

General manager Fred Haney drove to Palm Springs for a secluded rendezvous with the major league's All-Star shortstop, who was demanding a $25,000 raise from his $40,000 salary of last season.

Within an hour, Haney had capitulated and Fregosi reported to Holtville late Friday afternoon.

"I'm in great shape and anxious to get going," he said. "I worked out all winter at the Big A and I'm coming off a 10-day health course at La Costa."

While Fregosi lunched with the general manager, his teammates perspired through their first workout — three hours under a 90-degree sun.

A total of 39 players were present with the heralded Aurelio Rodriguez being the only unexcused absentee. Rodriguez has neither signed nor been heard from since he enrolled in an English class in Guadalajara.

"I suspect that Aurelio encountered visa problems," said manager Bill Rigney. "We have no reason to believe that he won't be here soon."

Also found on the list of anticipated arrivals is the name of baseball commissioner William Eckert. The unknown soldier has informed the Angels he will inspect the troops on March 7.

Rigney, meanwhile, required only one hour to complete his annual search for the star of tomorrow. It will be recalled that on the first day of last spring's camp, the manager tabbed nonenity Rick Clak as "a young Larry Jansen."

Clark went on to win 12 games as a rookie and now soothsayer Rigney is parlaying another 23-year-old righthander named Kenneth Ray Tatum.

"He's my new man," said Rigney. "He can't miss."

Tatum, a 6-2, 205-pound graduate of Mississippi State, was 12-6 with a 2.12 ERA at San Jose last year and 10 minutes of batting practice pitching Friday convinced Rigney he's for real.

31 Dodgers Leave for Vero Beach

Thirty-one players and a half-dozen club officials will be aboard the Dodgers' Electra II when it leaves International Airport at 9:30 this morning for the start of spring training in Vero Beach, Fla.

The first workout is scheduled Sunday afternoon, to be followed by twice-daily sessions until the March 9 exhibition opener against the Braves.

Roster players making the trip today are Bob Bailey, Willie Davis, Al Ferrara, Jim Lefebvre, Wes Parker, Claude Osteen, Len Gabrielson, Tom Haller, Jim Campanis, Willie Crawford, Leon Everitt, Tom Hutton, Alan Foster, Cleo James, Mike Kekich, Ray Lamb and Vicente Romo.

Also aboard will be 14 non-roster players, including former Lakewood High pitching star Bruce Ellingsen.

Club president Walter O'Malley and vice presidents Fresco Thompson and Red Patterson head the front office delegation. Already at Dodgertown are manager Walter Alston, vice presidents Peter O'Malley and Buzzie Bavasi, and about a dozen players.

HARD TO GET— DODGERS GOT HIM

Marvin Galliher, 20, an infielder-outfielder from San Diego, has signed with the Dodgers, who succeeded where other baseball clubs failed.

Scout Tom Lasorda signed the right-handed Galliher to a contract with what the club referred to as a "good bonus."

Galliher was first drafted by the Chicago White Sox after graduation from high school in 1965. He did not sign and the San Francisco Giants were also unsuccessful when they drafted him the following year.

Hockey Seats No Garden Spot

Madison Square Garden officials are moaning the blues after the new $43 million arena came under attack for poor vision from seats at hockey games.

Although there are no poles in the new Garden, there are certain sections where it is impossible to see the ice. Railings are also too high in spots.

Head of the Madison Square Garden board, **Irving Mitchell Felt**, said the sight problem could be corrected, but not this season. The Garden is going to refund money for all season ticket holders in the troubled seating area.

Aussie Champion Tests Santa Anita 'Dirt' Today

Associated Press

Whether the grass is as green, financially, for Tobin Bronze in the United States as it is in his native country will be determined today when the 6-year-old Australian champ moves into the big time in the $75,000-added San Antonio Stakes at Santa Anita.

The race for 4-year-olds and up over 1⅛ miles marks Tobin Bronze's initial start on the dirt. He has won one of three starts in this country, an allowance test last Saturday.

The San Antonio and the Hialeah Turf Cup for 3-year-olds and up over 1½ miles at Hialeah highlight the day's thoroughbred racing program.

Also featured are the $15,000 Lecomte Handicap at the New Orleans' Fair Grounds and the $20,000 Southern Maryland Handicap at Bowie.

Tobin Bronze and Most Host have been bracketed at 118 pounds, the highweights for the San Antonio. Manny Ycaza will ride Tobin Bronze. Bill Harmatz will be up on Most Host, who upset mighty Damascus in the Charles H. Strub Stakes.

Ten horses are slated to go in the Santa Anita feature, also including Mr. Right and Quicken Tree, 117 pounds each.

Flit-To drew topweight of 119 pounds for the Hialeah Turf Cup, richest grass race on the Florida program.

Nine horses have also been scheduled to go in the Lecomte at New Orleans. The race is for 3-year-olds at 1 1-16 miles. Judge Kilday drew topweight of 120 pounds.

The Bowie feature has also attracted a field of nine. Topweighted at 129 pounds is Charles L. Shell's Sub Call.

ISLAND River came from far back to overhaul his rivals in the stretch and win the featured $8,500 Palm Springs Purse before 21,535 fans at Santa Anita Friday.

With Jerry Lambert in the boot, Island River returned $14.60, $6.20 and $4.

49ers Rout San Diego for 3rd Win

SAN DIEGO — Cal State Long Beach exploded for 12 runs in the sixth inning and coasted to a 15-0 rout of host University of San Diego Friday behind the four-hit pitching of Randy Moffitt and Ron Parks.

Second baseman Larry Albright started the sixth-inning rally by driving a two-run home run over the left field fence. The 49ers sent 16 men to the plate in the inning.

Moffitt, who won his first game of the year, scattered four hits through six innings and struck out four. Parks was perfect in three innings of relief, striking out three. The 49ers are now 3-0 in pre-season games.

WILSON SHARP IN FIRST START

Vikings Advance in MCRD Tourney With Double Win

SAN DIEGO — George Wilson, making his first start in two years, pitched three-hit shutout ball for eight innings before tiring and Long Beach City College held on to defeat Marine Corps Recruiting Depot, 5-3, in its second game of the MCRD baseball tournament Friday.

In a morning game the Vikings downed Western Arizona, 5-3.

Wilson, a freshman from Lakewood, earned his start by relieving four games in a row.

Sophomore Dave Jones pitched five innings of relief ball in the first game to pick up the win, and when Wilson tired in the ninth he came on to gain credit for a save.

Don Schellenberg accounted for three RBI in the first contest with a home run and Walt Weller pounded a homer in the second game.

The Vikings meet San Diego Mesa this morning. If they win they meet San Diego CC at noon. The Vikings must defeat San Diego to advance to the championship game, also against San Diego, at 3.

NICCOLORB broke smoothly, raced close up early while saving ground, went to the outside for the drive and after a hard battle outraced SALLY'S TALE to win narrowly. The latter raced close up early on her own courage, got the rail for the drive and alternated with the winner for the lead inside the sixteenth pole. TIPPLE offered his best bid on the stretch turn while between horses then could make no impact. Scratched—Limelight Bay, Kaygee Miss, Bold Link, El Pueblo.

8765—FIFTH RACE. 1 1/16 miles. Maiden 3 year old fillies. Purse $5500.

MANY VEILS, outrun early, was sent up along the outside on the final turn, engaged BRYN MAWR GRAD through the stretch and won after a lengthy duel. The latter broke in stride to force the early pace, took command on the final turn, responded to urging when threatened, lugged in and slackened. DON'T DOUBT ME lost ground through the first half, rallied in the upper stretch, went to the rail, was shut off and had to check to the finish. Scratched—Coed.

ANGELTOWN broke cleanly, forced the early pace along the rail, took a clear lead on the far turn while still without need of urging, drifted to the middle of the track in the upper stretch and held gamely when threatened by GREY MEDALLION in the final furlong. The latter was taken in hand at the start, loomed up along the outside on the final turn, went wider while racing alongside the winner, was not good enough and the rider claimed interference against the winner for interference in the stretch. The Stewards ruled that the circumstances of crowding in the upper stretch was not entirely the fault of the winner and the claim was not allowed. SENOR BONITO rallied along the rail on the final turn, came out at the head of the stretch and slackened in the drive. No scratches.

8767—SEVENTH RACE. 6 furlongs. Fillies & mares, 4 year olds and up. Allowances. Purse $7000.

ISLAND RIVER was permitted to lag early, rallied along the outside, wore down the leaders when straightened for the drive and won going away. BIG RAPIDS was reserved early, responded for the drive but was not good enough. SWITCHBACK improved his position but made no impact. QUIET TOWN broke poorly, offered his best bid on the far turn, lost ground and tired. GRAND SLAM MIKE shared the lead into the stretch and weakened. MISTER PITT'S KID carried his speed to the stretch then gave way. ARC EN CIEL II was shut off on the first turn. No scratches.

CORDUROY II broke cleanly, lagged early, slipped through along the rail to get the lead, discouraged WALK OUT in the upper stretch and held OVER THE COUNTER safe in the late stages. The latter took up when shut off on the club house turn, went to the outside, rallied in the drive but could not overtake the winner. The rider on OVER THE COUNTER claimed foul against the winner. The stewards ruled against the claim after viewing the films. WALK OUT offered his best bid on the far turn to share the lead with the winner then weakened in the drive. No scratches.

West Lakewood LL

The West Lakewood Little League will conduct signups today from 9 a.m. to 5 p.m. and Sunday from 1 p.m. to 4 p.m. at Bolivar Park, Del Amo and Downey Streets in Lakewood.

Boys in the 8-to-12 age bracket must have a birth certificate and be accompanied by a parent or adult.

Gomez Sets St. Anthony Mile Record

Tony Gomez set a St. Anthony High School record for the mile Friday as the Saints won a non-league track opener over St. John Bosco, 76-43.

Gomez posted a 4:29.3 clocking and eclipsed the record of 4:32.0 set in 1957 by Jim Horan.

Millikan all but blew Western off the track Friday in their meet as the Rams compiled 84 points while Western could only counter with 33. Scott Young paced the Rams, winning both hurdles events in times of 15.4 and 21.6.

The second hand VW. It makes a great first car.

It's a car that won't give you anything new to worry about. We make sure of that. We give it the VW 16-point safety and performance test. It has to pass. So we can give it our 100% guarantee that we'll repair or replace all major mechanical parts* for 30 days or 1000 miles, whichever comes first. Isn't that what a new owner needs? A bug that won't drive you nuts.
